MARKET SQUARE & KING ST.GENERAL WHO IS IN COM-  
MAND OF CAVALRY ON  
MEXICAN BORDER

Gen. HUGH L. SCOTT

Galveston, Tex., Nov. 8.—General Hugh L. Scott is the commander of the United States cavalry on the Mexican border, and he has a large detachment of reliable men ready to invade Mexico at any moment that Washington may deem such a move necessary. General Scott's position is particularly important because in the event that intervention is made in Mexico the bulk of the work would necessarily be done by the mounted men.

## ELECTION PROTESTS

(Montreal Daily Mail)

The Liberal Manitoba Free Press of Winnipeg, makes serious charges against E. L. Taylor, the local member-elect for the constituency of Gimli, Manitoba, whose election has been protested. It is alleged that every device in the legal "bag of tricks" is being employed, and successfully employed, to keep this member from facing the charges preferred against him and his agents in court. The Free Press says in part:

"First of all Mr. Taylor slipped out of the province on the first train after the filing of the case against him to secure his unseating. A person with the notice to be served on Mr. Taylor was at the door in the C. P. R. station by which passengers go out to the train. Mr. Taylor got out to the train by another way. Then he stayed outside the province until the period specified in the Act for service of the notice had expired. The public are familiar with the subsequent proceedings. The game of dodging and evasion is to go on. Nothing can be plainer than that every possible delay-making device is going to be resorted to, in order to tide the time until the legislative meets in January. The moment the legislature meets, the case is hung up. The law provides that while the legislature is in session the case cannot be proceeded with. It cannot be taken up again until the legislature is prorogued. But when the session of the legislature which begins in January comes to its close, there will be no case to go on with, because the House will be dissolved for the general provincial elections. There will be no member-elect for Gimli to proceed against. There will have to be another election in Gimli, and the case will be dropped. And so, according to the designs of Mr. Taylor and his government, the legal protest by-election in Gimli will never be laid bare in court. Such is the legal game which is being played."

## TO CENT "CASCARETS"

STRAIGHTEN YOU UP

When Headachy, Bilious, Constipated, Stomach Sour, Breath Bad

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take Cascarets now and then and never know the misery caused by a lax liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour fermenting food; take the excess bile from your liver and carry out all the constipated waste matter in motion in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

## KIDNEY AND BLADDER TROUBLES DISAPPEAR

Chronic Sufferers Find Relief After Few Doses of Croxone

If you are bothered with backache or rheumatism, have disagreeable, annoying bladder or urinary disorders, contend with—or suffer with any other weak kidneys, here is a guaranteed remedy you can depend upon.

It is a positive fact that Croxone promptly overcomes such diseases.

It sounds right in and cleans out the stopped up kidneys and makes them filter and sift out the poisonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder.

More than a few doses of Croxone are seldom required to relieve even the obstinate, long standing cases.

You will find Croxone entirely different from all other remedies. It is so prepared that it is practically impossible to take it without results. An original package costs but a trifle, and your druggist is authorized to return the purchase price if Croxone fails to give the desired results the very first time.

KING STREET.NEARLY KILLED BY  
UNKNOWN ASSAILANT

Tony Rose, an Italian, aged 32 years, picked up unconscious last night in North street, after having been struck by a severe blow on the head with a stone thrown by some person as yet unknown, is now in the hospital. Whether he will recover cannot definitely be said. He was returning to Thomas Murphy's boarding house at the corner of North and George street last night about 10.30 o'clock, and just before he went in he saw five men standing at a nearby corner. He could recall nothing more than that he was struck a severe blow on the head and rendered unconscious. The motive for the attack is not yet determined. Rose, it is said, was a hard-working man, and seldom drank.

SEIZE BIRDS SHIPPED  
FROM ST. STEPHEN, N. B.

Four partridge and three woodcock, which were being shipped from St. Stephen to New York, via Calais, were seized at Portland on Wednesday, by the game warden on duty there. The shipment was effected by arrangement with a Calais man, who was under the impression that game taken on the Canadian side was not affected by the game regulations of this state, and who was an innocent party to the transaction. Game Warden A. O. Dennison wishes to warn all residents of Calais and border that hereafter violations of law will not be tolerated and that Calais people who assist St. Stephen friends in shipping game birds will be punished to the full extent of the law. The birds were consigned to a New York man, who is a frequent visitor to the St. Croix, and were evidently sent to him as a gift from a St. Stephen fellow sportsman.
