

LIBRARY AS MEMORIAL FOR MT. A. HEROES

Sackville, Nov. 27.—The fall meeting of the board of regents of Mount Allison was held on Tuesday afternoon and evening, the sessions concluding on Wednesday morning. On Tuesday afternoon financial reports from Dr. Borden, president of the university; Dr. Wigle, principal of the Ladies' College; Dr. Palmer, principal of the Academy, and Dr. Wood, treasurer of the endowment fund, were heard. In view of war conditions which have been exceptionally difficult and harassing, the reports were considered very satisfactory.

Among the matters which received the approval of the board was the erection of a memorial library building in memory of the fifty-four Mount Allison men who fell in the great war. An effort will be made immediately to secure the necessary subscriptions to make possible the erection of a fire-proof library building which will be used jointly by the students of the three institutions.

A petition was read from the Mount Allison Athletic Society praying that the board should erect an institutional skating rink for the use of the Mount Allison institutions. The project was warmly supported and the matter was

referred to the executive with power to act. It is quite possible that the rink will be built next summer. It will be located near the college campus and will thus be convenient of access.

Endowment Increased.

Dr. Borden reported that he had been making an effort to increase the endowment of the university by \$50,000. Towards this end four subscriptions of five thousand dollars each had been obtained. A member of the board had agreed to give five thousand dollars provided nine others would give a similar amount. In response to that challenge subscriptions of five thousand each had been offered by Sir J. W. Flavelle and Sir John Eaton, of Toronto; and Joseph Allison, of St. John. In view of the necessity of paying larger salaries to professors, it is to be hoped that six more men will soon be found who will give five thousand each in order that the objective of \$50,000 may be obtained.

The board decided to ask for legislation at the next session of the provincial legislature increasing the Alumni Society representatives on the board by four, and the Alumnae Society representatives by two.

BOARD OF TRADE.

A very comprehensive report of the year's activities of the St. John board of trade has just been issued. The financial report shows that the organization is in sound shape and the report as a whole indicates that a large amount of very valuable work has been done during the last year. The report opens with a summary of St. John's advantage and an optimistic vein marks the report through to the end.

New Sentence Give Mooney His Life, In Prison

Sacramento, Nov. 28.—The sentence of Thomas J. Mooney, sentenced to be hanged on December 13 for the deaths of ten persons killed by a bomb explosion in San Francisco during a preparedness parade, July, 1916, was commuted by Governor Stephens tonight to life imprisonment.

Court action to save Mooney from the gallows was exhausted by the prisoner, the supreme court of the United States having recently decided it could not review the case.

Threats of a national strike in case the governor did not intervene had been made in various parts of the country and some time ago it was reported that President Wilson had written the governor to see that Mooney suffered no injustice. The trial judge had also requested a new trial for Mooney.

GENEROUS DONATIONS.

The members of the Trinity church W. A. had their "pound day" yesterday when, during the afternoon, donations of pounds of provisions were brought in. "Pound day" is an annual event. The provisions are packed and sent to the Shinwauk Indian Home. The donations this year were very generous.

SIXTY AMERICAN AVIATORS KILLED

Paris, Nov. 28.—(Havas Agency)—At a dinner given last night by American aviators in honor of their French comrades in the air service, it was announced by the under-secretary of aviation that of 240 American pilots in the Lafayette squadron, sixty lost their lives.

Industrial Uses For Alcohol

Ottawa, Nov. 28.—The research council under Dr. A. B. Macallum has been carrying on investigations for some months into the present and prospect in uses of alcohol in Canada for industrial purposes now that it has gone out of fashion for beverage purposes. There is a large field opening for its use in the health producing lines of industry. Canada has opportunity for developing various chemical industries and turning the abnormal war demands for alcohol in connection with the manufacture of explosives, etc., to a permanent peace time industry for products hitherto for the most part imported from Germany or other countries.

With a view to encouraging greater production of pure alcohol for the needs of laboratories, etc., and of industrial alcohol, viz., 95 per cent. pure, for manufacturing purposes, a committee of the research council, consisting of Professor Goodwin, of Queens University; T. H. Wandsworth, of the Imperial Munitions Board; Dr. R. F. Rutman, of McGill University; and Dr. A. B. Macallum, has, after studying the whole problem, recommended to the government that the trial purposes be abolished. The committee further recommends that the government buy all the alcohol from all distillers, to be used in industry, and sell it at a small advance to each firm requiring it for industrial purposes. The

research council is also arranging with several pulp and paper mills to install plants for the recovering of the waste sulphite liquor. It is estimated that from the waste products of two of the pulp mills of the St. Maurice Valley 2,000,000 pounds of industrial alcohol could be produced at a net cost of less than forty cents a gallon.

SATISFYING RELIEF FROM LUMBAGO

Sloan's Liniment has the punch that relieves rheumatic twinges

This warmth-giving, congestion-scattering circulation-stimulating remedy penetrates without rubbing right to the aching spot and brings quick relief, surely, cleanly. A wonderful help for external pains, sprains, strains, stiffness, headache, lumbago, bruises.

Get your bottle today—costs little, means much. Ask your druggist for it by name. Keep it handy for the whole family. Made in Canada. The big bottle is economy.

ENTERTAINMENT IN THE SEAMEN'S INSTITUTE

The Seamen's Institute has opened its season with two very fine concerts. The Navy League last night entertained the crew of H. M. S. Changwinola and all naval ratings in the port and on Wednesday night the crew of the Tunisian gave a very heartily applauded programme. A canteen is being run by the Young Women's Patriotic Association, and last night the refreshments were the gifts of the Navy League.

Colonel E. T. Sharde, president of the Navy League, was the chairman last night and in a short opening address he welcomed the men in the name of the Navy League. Between 200 and 300 men were entertained and they thoroughly enjoyed the evening, judging by their hearty applause. Miss Jessie Church was the convener of the refreshment committee. The programme was as follows:

Pianoforte solo—A. B. Drake.
Song—Roses of Picardy, L. S. Dawson.
Song—Mrs. Murray Long.
Reading—Steve Matthews.
Song—Ragtime Navy, L. Cpl. Dixon.
Song—Miss Climo.
Monologue—The Caretaker, Chief Writer Bates.
Song—When the Lights Go Up, Stoker P. O. Knight.
Monologue—Murders, Sub-Lieutenant Withers.
Song—F. W. Punter.
Song—Paddy McGinty's Goat, Ldg. Stoker Stroud.
Song—A. B. Drake.
Rule Britannia.
