A Customer's Reasonable Wish is This Store's Pleasure

## DYKEMAN'S

### Ladies' Spring Jackets

Distinctly striking in their exclusiveness. They are styles that are neat and yet have a cut and finish that stamps them distinctly different from any other makes. Many of them are self-trimmed, not elaborately but what you would call ingenious touches of the designer's art. Prices on these high grade Coats are in harmony with the reputation of this store which stands for reasonable prices on the best of goods, \$5.50 to \$15.00.

### Ladies' Silk Coats

Some very attractive styles from the short length to the long 50 inch Coats. Prices from \$5.50 to \$20.00.

In tomorrow's election polling will not take place at the store of Walter H. Irving, the Jeweler, 45 King St., but in that store there are many other attractions. Scores of Easter novelties are to be found, and there are alarm clocks which would almost waken the dead.

The death took place on Monday last after a short illness of R. D. P. Northrup, of Belle Isle Creek. Mr. Northrup was about 58 years of age. He was a prominent river man, being engaged as a blacksmith as well as a farmer. He was a member of the Independent Order of Foresters of Belle Isle. Deceased is survived by a wife, two daughters and two grand daughters. The funeral took place at Belle Isle Creek on Thursday at two o'clock. Rev. Mr. Coleman, of Springfield, conducted the service, and the interment was made in the Church of England burial grounds.

MAIL DRIVERS MUST NO LONGER CARRY LIQUOR

All New Contracts Will Contain a Clause to This Effect—Orders Received Here.

Instructions have been received from the postmaster general by the Inspector for New Brunswick that hereafter mail carriers throughout the province will not be permitted to carry any liquor. This regulation applies for the present only to new contracts or to renewals, for in contracts to be made a clause will be inserted giving effect to the order. Contractors now doing duty will not be immediately affected. As contracts are made, as a rule, for four years, it will thus be seen that the end of the contract will be brought under the anti-liquor carrying regulation.

There have never been any serious complaints against mail drivers in this province on the part of temperance people, though on several occasions objections have been received chiefly from Scott Act counties. The new regulation is however as much of a concession towards the growing temperance sentiment as it is a measure for the improvement of the postal service.

### NO SUCCESSOR LIKELY TO GEO. M. RYAN'S OFFICE

Belief is That the Railway Mail Service Will Hereafter be Controlled by the Inspector.

As yet nothing has been done towards filling the office of superintendent of railway mail service made vacant a year ago by the death of Mr. George M. Ryan. The impression now prevails that no successor will be appointed. A number of postal employees were for a time actively polling the wires in their own interests and seemed confident that some one would be chosen. But as time has gone by they feel that there may be no appointment, especially as they realize that the same position in London, Ont., has been vacant for several years. In addition it was intimated by Mr. Armstrong, controller of the railway mail service, while on a recent visit to St. John, that the department might gradually get back to the former system by which the railway service was under immediate control of divisional inspectors with chief clerks as assistants. Until a comparatively few years ago the inspector looked after all branches of the service, but Mr. Mulock made the railway work a separate branch in the office of superintendents. He did not, however, draw very sharply the line between the work to be done by inspectors and superintendents, nor has Mr. Lemieux clearly defined these duties. In some divisions the change made by Mr. Mulock has worked very well, but elsewhere there has been considerable friction, this leading to the opinion that perhaps more effective work might be performed if all the duties were again brought under one executive. Such a revision to the old system is believed to be in contemplation, and it is probable that no successor to Mr. Ryan may be appointed here. The railway work will be in all likelihood administered by a chief clerk under the direction of the inspector. Mr. Charles Murray is now acting superintendent. There were a number of officials trying to secure the office of superintendent. There is a possibility that Alexander Thomson, first class clerk in the inspector's office, may be appointed second assistant inspector.

### FLYING THE FLAGS ON ST. GEORGE'S DAY

At the meeting of St. George's Society held last week, the following resolution was passed:

Whereas the twenty-third of April, the festival of St. George—England's Day—for a number of years a public holiday in England, should be more generally observed, and is annually being more widely celebrated both in England, and throughout the Empire, as a day of national importance—therefore

Resolved that this society request the Dominion, Provincial and Civic Governments, and citizens generally, to display their flags on that day; and also request the school trustees of the city and province to have flags hoisted on the school houses on St. George's Day, and a few minutes' instruction given the scholars on the history of St. George and England, and the meaning of St. George's Cross on the National Flag.
