lons at a time. I have had this altered so as to allow them to sell it not less than five gallons. It has been found that chemists and druggists have been in the habit of selling liquor illegally.

Under the act they are absolutely prohibited from selling any quantity whatever except by a medical certificate and a proper record must be kept of all the sales made and the certificate filed and under no circumstances are they to allow liquor to be consumed on the premises.

Another provision is that in the case of liquor being confiscated it shall be sold and the proceeds given to the alms house.

The house then took recess.

The municipalities committee subsequently met and recommended the bill further relating to the town of Woodstock.

An Absolute Cure for Rheumatism

If the skin or bowels are unhealthy, they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to the nerves—and causes Rheumatism.

Fruit-a-tives surely cure Rheumatism and Sciatica because they act directly on bowels, kidneys and skin—and so strengthen and invigorate these organs that there is no need of uric acid retained in the system to irritate the nerves and bring Rheumatism, Sciatica and Neuralgia.

"Fruit-a-tives" are intensified fruit juices with tonics and intestinal antiseptics added.

plained that the bill was divided into three parts, the first provided for the erection of permanent bridges the list of which he read.

The second part of the bill provides for three kinds—stone foundation with steel superstructure, stone foundations with covered wooden superstructures, and wooden foundations with covered wooden superstructures.

The amount of money required for these bridges will be explained tomorrow by the chief commissioner and would be obtained by a new issue of debentures although it was hoped that some of these bridges at least would be paid for out of current revenue.

The issue of debentures to the value of \$1,000,000 of over expenditure of the board of works and the \$22,000 over expenditure of the provincial hospital so that these institutions may start with a clean sheet also for the interest that has been paid on the bonds of the N. B. Railway Co. Co., while it was under construction, which will be treated as capital when it comes to be sold and to make provision for additional rolling stock for that road.

Another feature of the bill is to authorize the receiver general to make an agreement with the finance minister of Canada to set aside out of the subsidy of \$129,000 a sufficient sum to pay the interest on these debentures the rate of interest of which is not to exceed three per cent. In this way the province will have the advantage of the credit of the dominion in the issue of its indebted stock and will be able to float the debentures on a more able basis than the government of Canada.

These debentures are to be payable in fifty years and will be used for the purposes mentioned in the bill and also to retire outstanding debentures which bear a high rate of interest. Between now and the year 1911 \$22,000 worth of six per cent. provincial debentures will fall due. These are redeemed by the new loan the interest will be just one half.

Another feature of the bill is to set aside the sum of \$30,000 annually and place it in the hands of some bank or chartered trust company to draw interest on the sum of \$30,000 annually every half year till at the end of fifty years, when the debentures fall due, realize the sum of \$3,400,000, and apply the same to the redemption of the province. He thought that this plan would commend itself to the house.

The house adjourned at 1 o'clock till 11 o'clock tomorrow morning.

NEW YORK MINISTER WENT "SLUMMING" IN BAD COMPANY

Had Colored Woman for Companion—Police Arrested Him and Bishop Deposed Him.

New York, N. Y., April 11.—Rev. W.
