

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON

Fredricton, N. B., Jan. 10.—The Gunter investigation was continued tonight, Police-men Boulter and Sturgeon being the witnesses examined. The evidence was similar to that given before.

At the board of trade meeting here last evening, A. R. Slipp, M. P., announced that the report on the valley railway survey would soon be made public. He said that the grades between Fredericton and St. John had been found much easier than expected. He was confident that construction work would be commenced within twelve months, and that the proposed road will be part of a trunk line.

The firemen were called out at 7 o'clock this morning for a blaze in a brick coal shed at the rear of the University Arts Building. It was caused by hot ashes and the coal shed was destroyed. The flames worked beneath the flooring in the forestry laboratory and partially destroyed the walls.

The St. Andrew's society last evening decided not to hold the dinner they had planned. A strong effort will be made to wipe out the debt on the Burns' monument.

There are 400 shares of Canadian Pacific stock owned here and the holders were naturally pleased to learn that the dividend had been increased from an eight to a ten per cent basis.

Fredricton, Jan. 11.—According to returns furnished to the coronial commission at Ottawa by the registrar of the divorce court of this province, there were seven divorce cases in three years, which were more than in any fifteen years previous. In 1908 there were five cases, in 1909 six cases, and in 1910 there were six cases. Nine cases were brought by the husband against the wife, and eight by the wife against the husband.

At the meeting of Victoria Hospital trustees yesterday, President Matthew Tennant retired from the board and was succeeded by A. H. FitzRandolph. Dr. McGrath succeeds Dr. Weaver as medical representative on the board.

The police commission last evening, continued the investigation into the charges preferred by Ald. Hooper against Special Policeman Gunter. Policemen Boulter and Sturgeon, swore that Gunter told him that Fredericton merchants charged two prices and he was foolish to patronize them.

A lively scrap between counsel J. D. Phinney and B. B. Hanson involved this considerably.

ALBERT COUNTY MAN CHARGED WITH HORSE STEALING

George Harrison, of Elgin, Now in Hopewell Cape Jail at Instance of a Riverside Hotel Keeper.

Hopewell Hill, N. B., Jan. 11.—(Special)—George Harrison, of Elgin, was brought to Hopewell Cape today by Constable Benj. Hanlan and lodged in jail on a charge of stealing a horse from Jonathan Robinson, proprietor of the Shephoy Hotel, Riverside.

Robinson, who is about 22 years of age, had been working for Theodore Stephens a few miles from Riverside, and several days ago hired a horse from Mr. Robinson to go a few miles, it being the understanding that he would be back that night.

Several days passed without the return of the animal. Mr. Robinson became impatient. The animal was traced to Elgin, and was being taken to the Riverside Hotel.

Robinson, accordingly, had a warrant issued for the man, and a constable yesterday he was located and taken into custody by Constable Hanlan and brought to the shiretown.

A preliminary examination will be held before Police Magistrate E. E. Peck next Friday.

SADDEST DAY IN ST. GEORGE'S HISTORY

St. George, N. B., Jan. 9.—The funeral of Roy E. Bullock, the ten year old son of Mr. and Mrs. Walter Bullock, was held from their home in St. George, and was conducted at the home and the grave by the Rev. Mr. Thorpe, Presbyterian minister. School chums of the little fellow acted as pall bearers and marched in a solemn procession, which was one of the largest ever seen in the town.

The burial of this little fellow closes one of the saddest chapters in the town's history. The little fellow died on Friday afternoon last of the lube of a puck and a hockey stick carried the boy over the ice on the river, away from his companions, back and forth until a treacherous air-hole and into the icy water, within a few feet of thick ice, with a rapid current carrying him down the river from the light and air, to his death.

No one was near. Men in a store window overlooking the work dangerous, saw the boy disappear and gave the alarm. The little chap had dropped his hockey stick, as he plunged into the water, and this proved the first clue to his identity.

In a short time men were working with axes, with ropes and tongs, and laves of ice were lifted from the river. Below the opening, grappling irons were used until darkness made the work dangerous.

Friday night was a terrible one to the parents and relatives, and gloom was over every household in the town. Hundreds watched, and hundreds worked all through the storm, until a narrow channel was opened in the ice nearly half a mile long and thirty feet wide.

The body was found at 4 o'clock about 120 yards below the hole into which the little fellow had fallen. Tender hands carried the body to the home of his parents, and the heartfelt sympathy of the community was extended to the bereaved family.

One of the most noteworthy features of the funeral was the presence of a large number of young people, who were in the city at the time of the boy's death.

The funeral was a most impressive one, and the sympathy of the community was extended to the bereaved family.

PROMINENT MEN AND WELL KNOWN WOMEN Gladly Testify for "Fruit-a-tives"

One reason why "Fruit-a-tives" is winning a welcome in the hearts and homes of thousands from coast to coast, is because so many of the leading citizens of Canada have spoken so strongly in favor of this wonderful fruit medicine. In every province—in every city—in every hamlet—throughout the three millions of our hundred square miles of the Dominion, there are many who owe their health and some who owe their lives, to the marvellous virtues of "Fruit-a-tives."

Paul J. Jones, Esq., retired merchant of Sarnia, Ont., testified: "I suffered for 25 years with Constipation, Indigestion and Catarrh of the Stomach. I gave up eating and drinking and I was in a state of extreme weakness. My son attended to me and I became a helpless cripple. I saw 'Fruit-a-tives' advertised and decided to take it. After taking three boxes, I was well."

Henry Speers, Esq., the well known Justice of the Peace of Moorefield, Ont., testified: "I suffered from severe indigestion for almost two years and became almost a skeleton. Two experienced doctors pronounced my case hopeless. My son attended to me and I became a helpless cripple. I saw 'Fruit-a-tives' advertised and decided to take it. After taking three boxes, I was well."

H. Marchessault (High Constable of Province of Quebec), St. Hyacinthe, says: "I suffered from Indigestion and Catarrh of the Stomach. I saw 'Fruit-a-tives' advertised and decided to take it. After taking three boxes, I was well."

Edwin Oram, Esq., of Sydney Mines, N. S., writes: "For many years, I suffered from Indigestion and Catarrh of the Stomach. I saw 'Fruit-a-tives' advertised and decided to take it. After taking three boxes, I was well."
