Smallpox is spreading in Davin township, and twelve cases are now under quarantine.

There was a net gain of 11,772 in the Canadian Expeditionary Forces during June.

Cornelius Degraw, a life-long resident of Carleton township, died recently in his 70th year.

All the wheat mills in the Dominion are to be closed for the greater part of August and possibly till the new crop comes in.

A "temperance" gathering at Hamilton put grape juice and root beer under the ban. The gathering was suffering from the epidemic—temperance mania.

W. H. Parnall, who for the past seven years has conducted a general mercantile business at Staples, is moving his stock to Newbury, where he will engage in business.

School boys from all the public schools in Toronto are to be instructed to salute all returned, wounded and crippled soldiers when meeting them in public places.

The Ford Motor Company of Canada, employing more than 1,000 men, has shut down for an indefinite period. It is believed that labor troubles are the cause of the shut-down.

The tobacco acreage in Essex and Kent is roughly estimated at from 6,000 to 8,000 acres this year, and notwithstanding the cool weather the plants are making splendid growth.

Blenheim school board has raised the fees of non-resident pupils of the continuation school from \$1 to \$2.50 per month and pupils of the public school from \$1 to \$1.50 per month.

While using gasoline to do some cleaning at her residence in Blenheim, Mrs. McCallum, wife of Thomas McCallum, drayman, was so severely burned that death ensued after six hours of intense suffering.

Victor Lauriston, of Chatham, has sold his first serial in a New York magazine. The serial rights of "The Lives of Destiny," a mystery story, have been sold to the well-known publishing house of Street & Smith.

As an example to the nation, President Wilson has purchased a flock of sixteen Shropshire sheep and put them to work on the White House, known as the President's Park.

About 5,000 baskets of tomatoes were shipped from Leamington last week, valued at \$10,000. The vines are reported to never have looked better, and the crop of tomatoes for the coming fall promises to be exceptionally large.

Point Pelee, the most southerly portion of Canadian territory, jutting out from the lake shore of Essex county, Ontario, into Lake Erie for a distance of about nine miles, has just been created a National Park by the Dominion Government, to whom the land belonged.

A white calf with a red cross on its side was born in the herd of Richard Gairdner, near Carleton Place, recently. The owner immediately turned it over to the Red Cross Society, and the freak calf is now coming money for the organization. The calf was born on August 1, having the calf on exhibition in a tent.

Frank Maginnis of Aughrim was badly bitten by a vicious stallion. He was leading the animal home while driving with Horton Draper. It suddenly jumped across the front of the buggy, pinning both men in the seats. It started to bite wildly at the chestions and then turned on Maginnis, lacerating his arm from the shoulder to the wrist badly. Draper in the meantime made his escape and was unhurt.

It's an ill wind that blows no person any good. As a result of the recent registration of the man and womanhood of the country, a Strathroy man and his son, who had not been heard from for many years, were accidentally united. The boy, out west, wrote to a Strathroy party for a certificate of his birth. Inquiry was made, and it was found that his father was still living there. To his delight, the father was given the address of his son, who was lost track of many years ago.

The last chapter in the checkered career of the York Loan and Savings Company, which went into liquidation in December, 1905, will probably be written this week when the courts will be asked to ratify the report of the referee in settlement of the accounts. At the time of the failure there were assets of \$2,471,050, of which \$690,470 has been dispersed in expenses and \$1,660,737 paid out to shareholders and creditors. The mortgagees of the company received about 50 per cent. of their claims. The sum of \$33,694 remains in unclaimed dividend checks, and this will be placed in the Bank of Commerce to await claimants.

## Going After Hydro

A general meeting of the Industrial Association was held in the council chamber on Friday evening at which the necessity of securing hydro-electric power for Glencoe was discussed.

Members of the municipal council were present and it was agreed that a deputation from both the association and the council should wait upon the hydro-electric commission and lay the matter fully before them.

Dr. McLachlan and Fred Aldred were appointed the delegation from the association, and it is understood that the council will also appoint a delegation to meet the commission jointly at an early date.

The object of the deputation will be to secure, as early a date as possible full estimates of the cost of the power and have a by-law submitted to the people so that the work of installing hydro may be gone on with at the first opportunity that might present itself to the commission.

The association elected Dr. McLachlan president and J. N. Currie vice-president to fill vacancies created by removal of Mr. Neve and death of Mr. Campbell.

Appointments were also made to fill vacancies on the executive committee. The executive now comprises the following:—Dr. McLachlan, president; J. N. Currie, vice-president; A. E. Sutherland, secretary-treasurer; E. T. Huston, corresponding secretary; A. B. McDonald, W. D. Moss, John Bayliss, James Paule, Dr. Mumford, Fred, Aldred, Charles Davidson and Charles George.

Matters pertaining to the general welfare of the village were discussed and several suggestions will be acted upon.

## The Late Mrs. Sutherland

Margaret Robb, widow of the late William Sutherland, passed away at her home in Glencoe on Wednesday morning, July 10th, in her 92nd year. Mrs. Sutherland was born in London, Ont., and was the eldest daughter of William and Hannah Zavitz Robb, who were among the early settlers of that district. Mr. Robb being the owner of one of the first grist mills in London township.

Mr. and Mrs. Sutherland were married in the year 1850. Mr. Sutherland being then engaged in the publication of the Canadian Free Press. In 1852 they left London and settled on lot 19, concession 1, township of Ekfrid, near Glencoe, where they resided until after the death of Mr. Sutherland in 1907. A few years later Mrs. Sutherland and her daughter Christina left the farm to make their home in Glencoe.

Members of the family now living are William R. and Miss Christina, Glencoe; Mrs. Lorenzo Frederick, Tees, Alberta; Arthur E., publisher of the Glencoe Transcript; Robb, engaged in newspaper work in Calgary, Alberta, and Charles, Ekfrid township.

The Robb family consisted of two sons and eight daughters, of whom only two now survive—Mrs. Robertson of Hamilton and Mrs. Robert Drummond of Perth.

The funeral service was conducted at the residence on Main street Friday afternoon by Rev. G. S. Lloyd, minister of the Presbyterian church, assisted by Rev. R. Fulton Irwin, pastor of the Methodist church, and interment was made at Oakland cemetery.

The pallbearers were Charles Young, Frank Pole, Peter McArthur, Mac, McAlpine, Thomas Strachan and Malcolm McMillan, all members of old pioneer neighbors' families.

## Your Views

The Transcript columns are open to its readers for the expression of views on all matters of public interest. The only conditions are that the communications must be as brief as possible, must be plainly written on one side of the paper only, must contain no attacks of a personal or libellous character and must have the signature and address of the writer. Where a non-deplume is used, the writer must give his name to the editor as an evidence of good faith.

## DAUGHTERS OF THE EMPIRE

The Daughters of the Empire meet every Tuesday evening; every Thursday afternoon to prepare work. Anyone who has any empty 3-lb. tin biscuit boxes to spare is asked to leave them at Mrs. Currie's millinery parlors for the next shipment to the Glencoe boys at the front.

### An Old-time Picnic

On Wednesday, the 10th, the Sunday School of St. John's church held its annual picnic on the spacious grounds of W. D. Moss. Early in the afternoon the young people assembled at the church, where motors were provided by their well-wishers to take them for a drive. The weather, which had been cloudy all morning, took a welcome turn, and the appearance of old Sol was all that was required to tempt those who had long since left Sunday School to join the picnic also. The shady grounds quickly became a scene of activity where games and races, organized by the rector, Rev. T. J. Charlton, were soon being enjoyed. Tables were laid on the centre lawn which simply groined beneath their weight of good things, to which, needless to say, all did full justice. Nor were the swings allowed to be idle, their lively motion attracting not only the young, but children of a larger growth as well, one in particular was noticed who had passed the threescore years and ten availed himself of a youthful pastime. The picnic, which was said to be one of the old-time kind, was well attended and was unanimously declared to be a great success, and was brought to a close by a vote of thanks to all who helped and to the kind host and hostess, and by the singing of the National Anthem.

An automobile that won't turn turtle is another crying need.

## Dollars for Dimes

The Allied Relief Committee of New York City from time to time send out appeals for contributions for various purposes of war relief. This week they have sent me a dime bank asking me to secure dime contributions from the children of Glencoe. The money is for the relief of French refugee children who are now being driven into Paris. I will contribute one dollar for each of the children's dimes. The bank is at my office over Lumley's drug store. F. J. CARMAN.

## County Settles Claim

Aylmer, July 15.—Miller & Backus, solicitors for Frank A. Smith, of Nova Scotia street, township of Malahide, have received a cheque from the treasurer of Middlesex in full settlement of their claim for damages to his auto by reason of a county highway in the township of Mosa being out of repair.

## Oil and Gas Field

The Toronto Globe: "Two important causes have contributed to the unprecedented activity in gas and oil development in southwestern Ontario at the present time. 1. The pressing demand for oil and fuel gas and consequent record high prices; and 2. the recent very important discoveries in the Trenton geological formation through wells drilled a little below 3,000 feet in depth. These wells have demonstrated that southwestern Ontario will produce increasingly large quantities of high grade oil and pure quality gas from now on. Already many drilling rigs are busy on this exploration work and contracts are under way in widely separated localities where the geo-graphical conditions are favorable."

In the township of West Dover, Kent county, the Union Natural Gas Co. have met with marked success in two valuable wells, finished last month, producing about 3,000,000 feet of gas under a rock pressure of 1,250 pounds and 400 barrels of oil per day. This same company and allied interests are showing great activity in this district and have already invested large amounts of money in leases and wells. The Dominion Natural Gas Company are also active in this section, and have recently let contracts for five deep wells on Long Point, 110 miles east of Dover, to test the Trenton formation there.

Near Stevensville, in Welland county, another successful well has recently been brought in, a distance of about 200 miles from the West Dover wells. This indicates the wide extent of the oil and gas producing territory to be developed.

About midway between these two points the Vacuum Oil & Gas Co. are contracting to deepen one of their wells near Aylmer to the Trenton formation. Close to this location the Richmond Gas Company have several good gas producers, drilled in the Trenton formation to a depth of about 1,400 feet.

At Port Talbot, about 30 miles west of Aylmer, a new gas pool has recently been discovered at a depth of about 1,500 feet, the well producing 5,000,000 feet of pure gas per day with a rock pressure of 340 pounds.

In addition to the deep development outlined above, active work is being carried on near Thamesville, in Kent county, and near Glencoe, in Middlesex county, by companies, syndicates and private owners. The work has resulted in large production of oil from the corniferous formation at depths varying from 375 to 400 feet. While large quantities of high grade oil are being produced from shallow formation it cannot be expected to last for any great length of time at the initial flow, experience in Ontario having proved that wells in the shallow geological formation show a marked decline in production from year to year.

Oil and gas men generally expect important and permanent results from deep development into the Trenton formation from now on as the territory is very extensive and the profits from successful wells substantial.
