WATERLOO NEWS RECORD

HIT FENCE WHILE RISING
Capt. White and mechanic Fraser of the aviators, who landed in Seagram's field yesterday noon left this morning for Kitchener and will spend several days there. Their landing caused considerable commotion among the horses and they were obliged to leave. While rising from the ground last evening the tail of the machine caught in the fence. The damage caused did not amount to much and it was hastily repaired and they were able to leave this morning.

SCHOOL CLOSED TO-DAY
To-day is circus day and as a result the Public schools were closed for the day. On the last occasion that a circus visited the Twin City the attendance was no longer than it was deemed advisable to close down altogether this year and give the pupils the whole day off.

METHODISTS 12-BANKERS 11
At the Park last evening the Methodists just managed to nose out the Bankers in a schedule game of indoor baseball, the score being 12 runs to 11.

The bankers had only five of their regular lineup, filling up their team with onlookers and at that came near taking the measure of Capt. Cunningham's nine.

Mr. Herman Sturm and Mr. Barney Doll have returned from Durham where they enjoyed a few days fishing. Luck being exceptionally good. Mr. and Mrs. H. Burnett of St. Catharines have returned home after spending several days with friends in town.

MR. P. J. WRIGHT HONORED.
The Young Peoples Guild of the Presbyterian Church held a picnic on Monday it being made the occasion to honor one of its members, Mr. P. J. Wright, who is leaving in a few days to assume the management of the Bank of Toronto in Galt.

The boy members of the Guild presented him with a beautiful set of cuff links while the girls not to be outdone presented him with a desk watch. Mr. Wright was taken by surprise at the appreciation of friendship and thanked the donors most heartily.

Following a few hours of social intercourse a dainty lunch was served.

WILL GIVE CONCERT SUNDAY
The Waterloo Boys Band will entertain the inmates of the House of Refuge on Sunday afternoon when they

will give a program of exceptional merit. Since Prof. Thiel has had charge of the boys a marked improvement has taken place and a delightful program is promised.

The program will commence about 2:30 p. m.

To Prevent Appendicitis

Here is the Experience of a Man Who Escaped the Surgeon's Knife

You hear almost daily of some one going to the hospital for an operation for appendicitis. Do you know of anyone who was ever really well afterwards?

Besides the risk and expense of the operation, the results are usually disappointing. For this reason alone it is well worth while to try to avoid appendicitis by keeping the digestive system in healthful condition.

Many have written us about Dr. Chase's Kidney-Liver Pills as a preventive and cure for appendicitis. This letter is a fair sample of the cases described.

Mr. John Poole, R.R. No. 5, Dresden Ont., writes: "I was taken very sick with severe pains and cramps in my stomach. I called in a doctor who said I had appendicitis in the worst form and my case was very serious. He gave me medicine which relieved me at that time, but I was far from being cured. He said I would have to go through an operation before I would be well, but this I did not wish to do. One day in looking through Dr. Chase's Almanac I saw that Dr. Chase's Kidney-Liver Pills were recommended for appendicitis if taken in time, so I thought I would try them. I took them regularly for two years, and now I am perfectly cured. I can do all kind of hard work without any trouble. I would not be without Dr. Chase's Kidney-Liver Pills in the house under any consideration, for I can truly say that they will do just what is claimed of them.

Perhaps the greatest rule of health is that which calls for daily movement of the bowels. With this program in effect there is no danger from appendicitis or similar dangerous diseases.

Chronic constipation of the bowels is cured by Dr. Chase's Kidney-Liver Pills because they get the liver in healthful working order. In other words they get at the cause of the trouble and remove it, thereby effecting thorough and lasting benefit.

SPECIAL COMM. ON BUILDING

Inspector Does not Consent to Common use of Rooms

The General Director of Industrial Education of the Department of Toronto has not seen his way clear to permit a use of the rooms in the proposed new technical school for manual training and domestic science pupils at the Collegiate. The prohibition who here some weeks ago reported on his consultation with Dr. Marchand and Mr. Leake the latter being the manual training and domestic science inspector. Mr. Leake is willing to have such an arrangement made for manual training and domestic science pupils attending the collegiate but Dr. Marchand is not.

The prohibition pointed out at the meeting with the Board some time ago that it would mean a saving in the cost if these extra rooms in the Collegiate were avoided.

The Board has appointed a special committee to further look into the building plans and to report at a special meeting to be held in the near future. This committee consists of the following teachers and members of the Board: Messrs Brown, Pugsley, Pengelly, Helliwell and Forsyth.

WAS WITH ARMY OF OCCUPATION

S'G'R. E. PADDEN VISITING AT HOME.

There has returned from overseas Signaller Earl Padden, son of Mr. and Mrs. Padden, city.

Signaller Padden had been overseas for several years. Before he enlisted he was employed as an operator in Toronto and previous to going there he was with the local G.N.W. office.

During the period that he was at the front he did not altogether escape the scars of war. A shot through the wrist was sustained but he has recovered from the effects of this injury and he is the picture of health to-day.

Signaller Padden was among those who got to Germany with the army of occupation. He was there for about three months. A considerable part of the time was spent in the city of Bonn. He states that this is a fine modern city. Handsome apartment houses are scattered throughout the city; it is here that many university students not only from Germany but from other countries used to reside. Many prominent men in the country also resided there when completing their course. The greater part of the city is taken up by well-to-do people.

The greater number of the people reside in apartments. These and the majority of business buildings are built of a grey stone and have an attractive appearance. The streets are wide and the stores pretty.

Materials in the stores were expensive, for example leather shoes. As much as 150 marks was the price for some boots in some places.

Signaller Padden will remain here

for several weeks before resuming duties in civil life.

OH! SEE ALL THE ELEPHANTS!

Say the Small Boys Today

If you noticed that the small boy, and even the big fellow, is all excitement today you do not have to look very far for the reason. The circus is here.

Sparks circus arrived in the city on scheduled time early this morning and are encamped for the day on the old park grounds on South Queen street. This afternoon the first performance was held under the big canvas and the second takes place this evening. Early this morning crowds began to gather on the street corners in anticipation of seeing the parade. Their hopes were realized at about 10:44 for at that hour the procession of gilded wagons, nifty riders, splendid horses and interesting wild animals appeared, the route being along South Queen to King street, Weber, Frederick and back along King and Queen streets.

The horses which are with the circus are a fine lot of animals and compare well with those at circuses in past years. At the end of the parade there was the steam calliope which by the way was the best that has ever been heard here.

While the parade was not as long as some that have been seen here in bygone years cleanliness order and niftiness were noticeable in a high degree.

Judging by the crowds that were on the streets it is probable that one of the biggest audiences that has attended a circus in this city will be present today and that means a lot.

JUNE NUPTIALS

DOTZENROTH-KRUMPELT
Several more pretty June nuptial events took place in the city to-day.

The principals in one were Mr. Norman Dotzenroth, of Port Dalhousie and Miss Phoebe Krumpelet, city. The groom is a son of Mr. and Mrs. H. Dotzenroth of 8 East Allen street and the bride a daughter of Mr. and Mrs. Hugo Krumpelet of 55 West Ellen st.

WINNIPEG GETS A LIMITED SERVICE ON STREETS TODAY

POWER OFF FOR WHILE THIS MORNING
WINNIPEG, June 18.—Limited street car service was resumed this morning after an absence of nearly 5 weeks. Thirteen cars, manned by regular employees, were out. Shortly after they started, however, the electric power went off, which stopped them and many factories for some time. Power came on again at 10 o'clock, however, and continued. More cars are out this afternoon, as the men are rapidly coming back to work.

VIEWED KITCHENER FROM THE CLOUDS

Mr. Carl Roeschman Makes first Trip

Mr. Carl Roeschman of this city took his first trip in an aeroplane this morning and thoroughly enjoyed the trip through the air. The flight was made in Capt. Whites plane which will remain in the city for some time taking up passengers and everything went off real lovely. On reaching terra firma Mr. Roeschman was asked how he enjoyed the ride and he replied immense. It is a great sensation to go soaring through space said Mr. Roeschman and the view of the city

is fine. Victoria Park lake and other points of interest look great and its some great city when seen from above. Mr. Roeschman said it being his first flight naturally it made one feel a little queer a sort of a sickleiness creeping over one but in spite of that he is eager to try it again.

Many citizens were on hand when the machine started out and when it returned they crowded around Mr. Roeschman to hear him relate his experience.

CONTRACT LET

The contract for the addition to Victoria school has been let to Mr. Casper Braun, work, it is expected will commence soon.

THURSDAY NIGHT'S CROWD BEFORE THE DEATH CELL WINDOW OF FRANK McCULLOUGH.
AT TORONTO JAIL.—The arrow points to McCullough's cell window, which was watched by five thousand Toronto citizens last Thursday night from Riverdale Park. McCullough appeared here throughout the evening about fifteen times, waved, clasped his hands and threw kisses to the throng. A portion of the crowd is seen in the picture. Some of them were very hostile towards the police guarding the building and severe attempts to invade the jail were frustrated.

Tallow Dips Once Lighted Our Best Homes

Electricity was then only known by the flash of lightning; gas was unharnessed, and candles a luxury for the rich.

But what would you think of a woman who would use a tallow dip to light her home in these times?

In those days women baked their own bread because there were no scientific bakers to bake for them better bread than their own.

The woman who bakes is still in the tallow dip age.

Those baking hours can better be spent with the children. In reading, in outdoor work that adds efficacy to other duties. Baking saves neither a minute or a penny.

The modern woman buys

Dietrich's Butternut Loaf

What is Kora-Konia?
Kora-Konia must not be confused with Talcum Powder. It has somewhat the same soothing, healing action, but contains in addition, several ingredients of recognized medicinal value, which are indicated in the treatment of the more serious skin affections. It is antiseptic, absorbent, adhesive, moisture-resisting, and is soothing and healing.
