

You will accost every foreign fishing vessel within the limits described, and if that vessel should be either fishing, preparing to fish, or should obviously have been fishing within the prohibited limits, you will, by virtue of the authority conferred upon you by your Commission, and under the provisions of the Acts above recited, seize at once (resort to force in doing so being only justifiable after every other effort has failed) any vessel detected in violating the law and send her or take her into port for condemnation.

Copies of the Acts of Parliament subjecting to seizure and forfeiture any foreign ship, vessel or boat which should be either fishing, preparing to fish, or should obviously have been fishing within the prohibited limits, and providing for carrying out the seizure and forfeiture, are furnished herewith for your information and distribution.

Should you have occasion to compel any foreign fishing vessels or fishermen to conform to the requirements of the "Fisheries Act and Regulations," as regards the modes and incidents of fishing, at those places to which they are admitted under the Convention of 1818, particularly in relation to ballast, fish offals, setting of nets, hauling of seines, and use of "trawls" or "bultows," more especially at and around the Magdalen Islands, your power and authority under such cases will be similar to that of any other fishery officer appointed to enforce the Fishery Laws in Canadian waters (*vide Fisheries Act*).

If a foreign ship, vessel, or boat be found violating the Convention or resisting consequent seizure, and momentarily effects her escape from the vicinity of her capture or elsewhere, she remains always liable to seizure and detention if met by yourself in Canadian waters, and in British waters everywhere if brought to account by Her Majesty's cruisers. But great care must be taken to make certain of the identity of any offending vessel to be so dealt with.

All vessels seized must be placed, as soon as possible, in the custody of the nearest Customs Collector, and information, with a statement of the facts, and the depositions of your sailing master, clerk, lieutenant, or mate, and of two at least of the most reliable of your crew, be despatched with all possible diligence to the Government. Be careful to describe the exact locality where the violation of the law took place, and the ship, vessel or boat was seized. Also corroborate the bearings taken, by soundings, and by buoying the place (if possible) with a view to actual measurement, and make such incidental reference to conspicuous points and land marks as shall place beyond doubt the illegal position of the seized ship, vessel or boat.

Omit no precaution to establish on the spot that the trespass was or is being committed within three miles of land.

As it is possible that foreign fishing craft may be driven into Canadian waters by violent or contrary winds, by strong tides, through misadventure, or some other cause independent of the will of the master and crew, you will consider these circumstances, and satisfy yourself with regard thereto before taking the extreme step of seizing or detaining any vessel.

On capture, it will be desirable to take part of the foreign crew aboard the vessel under your command, and place some of your own crew, as a measure of precaution, on board the seized vessel; first lowering the foreign flag borne at the time of capture. If your ordinary complement of men does not admit of this being done, or, if because of several seizures, the number of your hands might be too much reduced, you will in such emergency endeavour to engage a few trustworthy men. The portion of foreign crew taken on board the Government vessel you will land at the nearest place where a Consul of the United States is situated, or where the readiest conveyance to any American Consulate in Canada may be reached, and leave them there.

When any of Her Majesty's vessels about the fishing stations or in port are met with, you should, if circumstances permit, go on board and confer with the Naval Commander, and receive any suggestions he may feel disposed to give, which do not conflict with these instructions, and afford him any information you may possess about the movements of foreign craft; also inform him what vessels you have accosted and where.

Do not fail to make a full entry of all circumstances connected with foreign fishing vessels, noting their names, tonnage, ownership, crew, port, place of fishing, cargo, voyage, and destination, and (if ascertainable) their catch. Report your proceedings as often as possible, and keep the Department fully advised, on every opportunity, where instructions would most probably reach you at stated intervals.

Directions as to the stations and limits on which you are to cruise, and any further instructions that may be deemed necessary, will from time to time be conveyed to you.

Considerable inconvenience is caused by Canadian fishing vessels neglecting to
