## AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOURQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Sir,—I have been an interested reader of your valuable paper for some time. I take great pleasure in reading the different letters in your correspondence column, and I think it is a nice way for young people in different parts of the country to get acquainted with each other. If you could spare a little space in your valuable paper for another poor lonesome bachelor homesteading on the prairie I would much appreciate it. I came from the Highlands of Bonnie Scotland eight years ago, and like this country fine. Am 26 years old, weigh 150 lbs., and have dark hair. I won't say anything about looks; am very shy. I like cards and dancing, and smoke a little. Now, if any young lady would care to write me I will answer all letters or cards promptly.

Wishing the Western Home Monthly all kinds of success, I will sign myself,  
Jock o' Hazeldean.

Sir,—Having been an interested reader of the W.H.M. for some time, I thought I would like to join the Correspondence Club.

I live in Canada's most Westerly province, namely, British Columbia, the land of fruit, sunshine, and flowers. I may as well do as other members of this charming club have done before me, that is, to try and describe myself. I am a young man, 20 years of age, and have dark brown hair and blue eyes; and as for looks, I think I am passable. Now, any of the fair sex between 18 and 20 years of age wishing to correspond with me will find my address with the editor. Will "Pick-me-up," Vernon, of January number, please write? Wishing your paper further success, I will sign myself,  
Jolly, Boy.

A Serious Young Man.

Skull Creek, Sask.

Sir,—Being a reader of your magazine since I came West some few months ago, I have been greatly interested in your correspondence columns. I enjoy reading the letters of the different correspondents very much; some of the letters are very foolish, while others are not. I may say I am not on the matrimonial list, as I believe one should be very careful in choosing a partner for life. Marriage is a sacred thing, and when two hearts come together in love the Lord will bless them abundantly and make their days on earth prosperous. We must have love for each other, or else our lives are nothing. Would like to correspond with some correspondent of the fair sex if they will write first. I will sign myself,  
Youngster.

Wants to Exchange P.C.'s.

Laconia, N.H.

Sir,—I have not seen any letters from the Granite State in your paper, so I would like to join you. This is my adopted home, but I love my own Canadian home the best. My sister takes your paper. She sends it to me, so I get all Canadian news. I take great interest in your column, and think it is fine. I am a farmer's daughter, and think there is no place like the farm. I would like to exchange p.c. views. We have some grand scenery here in the White Mountains. Hope to see this in print. I like to write letters; it whiles away the long winter evening. Thanking the editor for his valuable paper, I remain—
