BERLIN, ONTARIO April 17th 1916

Dear Mr King

Kindly accept my thanks for copy of Toronto Star, which you were good enough to send to me, it was sent out to us, Mrs Lang and self spent the winter in Florida, and I was glad to have a resume of how good work in Colorado, it was very interesting to us as well as to many others of the visitors at our Hotel. in St Petersburg, Fla. may you long be spared to continue the good work. The enclosed clipping is from the Toronto Globe I do not think much of the present minute of Labour, myself, but he did use very good judgement. in this instance, don't think he is entitled, to much credit along those lines, but one should give the Devil his due. especially when there is so little cunning to him. Again thanking for remembering me, and with best wishes, I remain

Yours very Respectfully,
John A Lang
