TRANSPORT-RECORDS
 OCT 15 A.M. 1945
 File 5808-326-25

RA

Controller of Civil Aviation,
Dept. of Transport,
Hunter Bldg.,
Ottawa, Ont.

Attention Mr. C. C. Bogart

Enclosed are the records covering the incident on
CF-BZY overdue at Toronto.

Some of the calls concerning the aircraft were taken
on the Cleveland-Detroit sector position which has no
recorder at this time. Consequently there are some
gaps in the continuity. The Controller endeavoured
to take as many as possible of these calls on the
recorder. However, since he was quite busy with the
Detroit--Buffalo traffic at this time, some of these
calls were taken on the unrecorded position. After
checking these records the Controller concerned ad-
vises that nothing essential has been missed.
