

"IDEAL" MACHINERY.

Our readers will recall an announcement a few months ago, to the effect that the Ideal Concrete Machinery Company, of South Bend, Indiana, had closed up what was said to be the largest contract for concrete machinery ever secured, the contract involving \$250,000 worth of "Ideal" block machines.

From time to time we have had additional evidences of the progress of this company, and are now advised that within the past six months they have shipped six full carloads of "Ideal" machinery into one Spanish-American country, and it may also be of interest to note that in the last shipment were included eight "Ideal" continuous batch mixers, fully equipped with power.

With these mixers are included two large sill machines, ten 24-inch block machines, six brick machines and a great many accessories and attachments were sold to one concern.

This record is not remarkable for the "Ideal" Company, and we are further advised of large orders now in hand and recently shipped to Auckland, N.Z.; Sydney, Australia; Kobe, Japan; Calcutta, India; Shanghai, China; Buenos Ayres, Argentine Republic; Rio de Janeiro, Brazil; Lima, Peru; Montevideo, Uruguay; Budapest, Hungary; Valparaiso, Chili, and other places.

Arthur Deguise and Eusebe Meloche, builders, Longue Pointe, Que., have registered under the firm name of Deguise & Meloche.

Mr. Adam Dawson, the well-known contractor of Peterboro, Ont., died in that city recently, at the age of 59 years. He had served as an alderman for 13 years.
