THE COPPER MARKET.

New York, December 7.-The demand for copper is quiet. While some large agencies continue to quote great export business so far this season. electrolytic at 13 cents, others are asking 12% cents. The 13 cent price prevails for long time delivery. Producers are not aggressive in their efforts to sell. Large sales over the past three weeks has placed them in a trong position and they are now inclined to make radical concessions. According to a large agency which is maintaining 13 cent level the decline in the London market is of small importance here.
"London is following New York at present instead of New York following London," said an official of

A metal concern which collects and publishes statistics of copper exports says that no authoritative figures can be obtained under present conditions. RIO EXCHANGE.

COFFEE MARKET. New York, December 7.—On Saturday Rio spot coffee market was unchanged and Santos spots up 100

exchange on London up 1/2 to 14d.

AMERICAN GROCERY MARKETS SHOWED MURE ACTIVITY

law Sugar Has Declined to 2% Cents, and Twon Thousand Bags Changed Hands—Refined Sugar Remained Quiet.

(Exclusive Lessed Wire to Journal of Commerce.)

New York, December 7.—There was a little more activity in the primary grocery marke:s during the past week. There was a firmer feeling in the coffee trade, the visible supplies being smaller than a year ago, particularly in the United States. The movement of low grade Rios recently was only in the nature of a realization of existing conditions, for there was little risk in purchasing merchantable coffee at 6% cents, it being possible to roast the same and still push the distribution at a low figure and make a profit. There was a fair export demand for milds and Brazils which are being steadily exported to Eu-

Refined sugar was quiet and unchanged. There was Despite the fact that there was an easier tone to the market for tea in London, there has been little change in the market here, athough lower prices are the market here, athough lower prices are easily to the market here, athough lower prices are easily to the market here, athough lower prices are easily to the market here, athough lower prices are easily to the market here.

inclining many dealers to hold their supplies, argu-ling that they will make more money in this manner than by selling at the present time. STEEL SITUATION IMPROVING.

New York, December 7.— Stees for steel for 1914 belivery are becoming more numerous and manufactory in the steel for the steel f
