

Men Try my Cure Free!

I ask not one penny in advance or on deposit. I accept your word to pay me when cured.

I know the terrible mental torture of the nervous debility sufferer, but I also know his gratefulness when restored, and that is the basis for my free treatment until cured. Can any such sufferer come to me and be made a man among men, and then refuse to pay a few dollars for aiding him to become so? I say, no, and my wonderful success backs up my judgment. I wish that every sufferer knew that the effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forebodings; timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanish—giving way to glowing, soothing vigor through every weak part. A few weeks' to a couple months' use of this treatment banish them forever, and make strong, confident, manly men out of the puniest weaklings. For nearly 40 years I have treated

and restored weak men through my world-famed invention, and am still doing so with greater success than ever. In fact, I do not expect to fail in any case of this kind, and therefore as men are more or less skeptical I will continue to give my Herculex

Dr. Sanden Electric Belt Free Until Cured

and as said not one cent is to be paid in advance or on deposit. Call or write and get the belt and use, say for 60 days, and if cured pay me price of belt only—many cases low as \$4—if not cured return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lamé Back, Stomach, Kidney and Liver complaints, etc. Think of a remedy that has stood every possible test for nearly 40 years—the only one ever successfully given to sufferers on its own merits!

As the originator and founder of the electric belt system of treatment my 40 years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) But my great knowledge to advise and direct my patients is mine alone, and free to all who use my belt until cure is complete.

Call or send to-day for my belt. Or if you want to look into the matter further, I have the two best little books ever written upon Electricity and its medical uses, and send them free, sealed, upon request.

Dr. C. F. Sanden, 140 Yonge St., Toronto, Ont.

Office Hours: 9 to 6. Saturdays until 9 p. m.
Largest Electric Belt Establishment in the World.

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

We Paid \$100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are ex-

hilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

- Asthma
- Abscess—Anæmia
- Bronchitis
- Blood Poison
- Bright's Disease
- Bowel Troubles
- Coughs—Colds
- Consumption
- Colic—Croup
- Constipation
- Catarrh—Cancer
- Dysentery—Diarrhea
- Dandruff—Dropsy
- Hay Fever—Influenza
- Kidney Diseases
- La Grippe
- Leucorrhœa
- Liver Troubles
- Malaria—Neuralgia
- Many Heart Troubles
- Piles—Pneumonia
- Pleurisy—Quinsy
- Rheumatism
- Scrofula—Syphilis
- Skin Diseases
- Stomach Troubles

- Dyspepsia
- Eczema—Erysipelas
- Fevers—Gall Stones
- Goitre—Gout
- Gonorrhœa—Gleet
- Throat Troubles
- Tuberculosis
- Tumors—Ulcers
- Variocœle
- Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON.

For this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

In answering any advertisement on this page, kindly mention the FARMER'S ADVOCATE.

GOSSIP.

"Hello," said the first merchant, "how do you find business?"
"By advertising," replied the up-to-date man. Same with the stockmen.

One of the best rules in conversation is never to say a thing which any of the company can reasonably wish we had rather left unsaid; nor can there be anything more contrary to the ends for which people meet together than to part unsatisfied with each other or themselves.

In this issue will be found the advertisement of A. S. Hunter, Durham, Ont., the largest breeder of Whitefaces in Ontario. Breeders will find a large number of choice young animals, while farmers desirous of grading up with Hereford blood will doubtless find serviceable young males at prices within their reach. Write for particulars, pedigrees and prices.

Miss Helen Gould recently entertained at luncheon at her residence a number of little girls from a charitable institution. At the end of the luncheon Miss Gould showed to the children some of the beautiful contents of her home.

She showed them books, carved Italian furniture, tapestries, and marbles.

"Here," she said, "is a beautiful statue, a statue of Minerva."

"Was she married?" asked a little girl.

"No, my child," said Miss Gould, smiling. "She was the goddess of wisdom."

WHEAT SUPPLIES IN BRITAIN.

The British correspondent of the N.-W. Miller gives his paper the following interesting data:

So far this season the United Kingdom has not felt the want of American wheat and flour (except on the ground of "strength" which no other wheat seems able to replace) because of the great increase in the supplies from other quarters.

The following record of the weekly average imports in the six months from September 1st to February 28th in the past three years will go to demonstrate this point (in quarters):

	1904-5	1903-4	1902-3
India	144,700	104,300	39,200
Russia	139,500	93,700	67,300
Argentina	73,900	31,500	8,800
Australasia	55,600	950	700
Atlantic ports—			
United States			
and Canada	60,400	260,500	292,400
Sundries	45,800	59,050	72,100

Total foreign ..519,900 550,000 480,500
Total English ..100,000 95,000 130,000
Grand total ..619,900 645,000 610,500

For the first time on record, India heads the list of our sources of supply, so that the probable failure of the Indian crop as indicated by the official news, has a distinct bearing upon the future of wheat, especially in the case of America again finding herself next season with only a moderate export surplus.

TRADE NOTE.

THE HOOVER POTATO DIGGER.—Special farming requires special tools. The Hoover Potato Digger is perhaps the most important tool that inventive skill has devised for the help of the man who grows potatoes in any quantity. The Hoover Potato Digger came as a great boon to tired backs. It enables the farmer to harvest his crop of hundreds of acres easier and quicker than he used to his small patch for family use. And he may also sort the crop by machinery. By employing a Hoover Potato Sorter, the labor of the old, slow, tedious hand-sorting process is entirely done away with, and a new method that is easy, quick and efficient takes its place. With it two men and a boy can sort and put in a wagon from 80 to 100 bushels per hour, or it may be operated by one person, if necessary. The Hoover Potato Digger and Sorter are made by the Hoover-Prout Co., of Avery, Ohio. Their advertisement appears in another part of this paper, and we advise you to read it carefully, and then write them for one of their interesting catalogues, fully illustrated and describing these two machines.
