

The Riverside Educational Monographs

Edited by **HENRY SUZZALO**

PROFESSOR OF THE PHILOSOPHY OF EDUCATION AT THE TEACHERS' COLLEGE
COLUMBIA UNIVERSITY.

WE have now the above series of books in stock. The whole series of 19 books should be read by every teacher in Ontario. They are written by the best authors on various subjects of vital importance to teachers and workers among young people.

Among the writers are included such men as Professor John Dewey, Charles W. Elliott, John Fiske, Professor E. L. Thorndike, E. P. Cubberley, George Herbert Betts and others.

Unlike many educational works by prominent authors, they are published at very low prices, and are within the reach of all teachers.

Send to-day for full list of Titles.

WILLIAM BRIGGS

LIBRARY DEPARTMENT

29-37 Richmond St. West

TORONTO, ONT.

Two Books of Interest.

Aspects of Child Life and Education

By G. STANLEY HALL, President of Clark University and Professor of Psychology, and Some of His Pupils.

A concise work on child psychology in relation to education, based on results of twenty years of scientific research by Professor Hall and his various classes. "The Contents of Children's Minds," "A Study of Dolls," "The Psychology of Daydreams," are a few of the chapter titles. *The first of a series.* List Price **\$1.50**

Nature Study and Life

By CLIFTON F. HODGE, Professor of Biology in Clark University. With an introduction by G. Stanley Hall.

This useful and teachable book presents a clear, suggestive plan of nature study. Children are encouraged to plant flowers, shrubs, and trees, to study insects and fungi, to protect and tame birds, toads, and other harmless and valuable wild things about the home and school.

List Price **\$1.50** With outline **\$1.60**
