

**HERE'S THAT ONE-MAN RIG
HART-PARR
30 H.P. GAS TRACTOR**

YOU ALONE can handle tractor, plows and harrows—work all day—without help; without fuss or fret. Unlike horses a **Modern Farm Horse** exerts the same even power at 8 p. m. as it did at 5 a. m.

Summer Fallow—Clears out weeds, gives land a rest and you reap noticeable benefits if you plow deep enough, and then cultivate properly. A **Modern Farm Horse** will soon pay for itself because of the deeper, better plowing and harrowing it does.

Whatever the Operation, whether discing, seeding, harvesting, you can do it cheaper, quicker, more thoroughly with a Hart-Parr Gas

Tractor than with any other power. **Easy to Handle**—This 30 H. P. has one front wheel and its squeezes close into fence corners. Turns in 36 foot circle. You can plow 18 to 20 acres a day at a cost of 40c to 50c per acre. Light in weight, because built largely of steel.

Its food is the cheapest kind of **kerosene**. It works as willingly at zero as at 95 in the shade, because it is oil cooled—a special Hart-Parr feature.

For Larger Farms there is our 45 H. P. which does the work of 25 to 30 young horses, or double that number—for you can work night and day while the "rush" is on. Write now for catalog and new literature.
