THIS INSTITUTION offers to the Assure

entitled, whether at the payment of his first Pre-mium, or at any future period, to borrow, upon interest, to the extent of one-half of the Annual interest, to the extent of one-naif of the Annual Payments made, without any responsibility or guarantee, personal or otherwise, nor will the Policy (the only security) be required to be lodged with the Society, as each Loan will be endors-

thereon.
Under this new system, the value of each Policy will at all times be known, and the great objection to Life Assurance entirely removed, as the Assured can at any time present his Policy, and demand of the Society an immediate payment of one-half of the Annual Premiums paid thereon, thus giving to each Policy a known actual cash value.

Applicants are not charged for the Medical examinstion.

The Assured has the right of paying his Premium within Thirty Days after it falls due, thereby preventing the forfeiture of his Policy, which would otherwise frequently occur.

The Society will, on satisfactory proof of the bealth of the party, seceive the Premium within a year after its falling due.
