Rippling Rhymes

There ought to be some sort of law forbidding noises rank and raw, at night, when people would repose, and do some snoring through the nose. At 10 o'clock I soak my head and straightway toddle off to bed, and hope to give my life, new zest by having one good sleep of rest. An old crow crows round my shack and splits the welkin up the back. Joy riders scoot along the street and raise pink thunder and repeat. A young man with a cheap guitar comes singing where the damsels are, and their abode is just next door—how can a weary mortal snore! The milkman's wagon jolts along, the milkman smites his brazen gong, and makes the night a discordance, the while selling cowbills by the tongue. And now a dog lets out a wail; there's tinware fastened to its tail, and like a shot I hear it scorch beneath my open sleeping porch. All through the night the uproar goes; one must be dead to find repose, and when at dawn I leave my couch, I have a large and lasting grouch, my head is sore beneath my tile, and I forget to sing and smile.

INSANE, POISONED THREE

By Courier Leased Wire.
Baltimore, Nov. 20.—Mrs. Edwin A. Skinner, 32 years old, escaped from a hospital yesterday, where she had been a patient for mental trouble, met her two sons one three years old and the other five years, as they came from kindergarten gave them poisonous tablets for candy and swallowed a quantity herself.

The triple poisoning took place in a public square. The three were found writhing on the ground by passersby and taken to a hospital.

Edwin A. Skinner, Jr., died overnight and his brother, Craig, died an hour later. Both children were unconscious when found in the square. The mother was conscious when found and stated that she wanted to take her children with her. She is not expected to recover.

DRINK HOT WATER IF KIDNEYS SUFFER

Eat less meat and take Salts' for Backache or Bladder trouble.

Uric acid in excess teases the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; always get from any pharmacist four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive cannot injure; makes a delightful after-dinner should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

At the Provincial Plowing Match at Oak Park Farm Oct. 24th to 28th, the North Brant Women's Institute as auxiliary of the Department of Agriculture and Farmer's Institute was intrusted with the onerous task of providing dinners and lunches for the fifteen thousand patrons who gathered in thousands and took part in this exhibition of progress, in one important branch of farm work. A week of frequent showers may have softened the soil and not injured plowing, but did not tend to increase the comfort of the day for onlookers or workers, yet success and appreciation crowned every effort.

This was due not alone to the District President Mrs. G. T. Wood of Grandview and her able staff of officers and the effective assistance of the thirteen Branch Institutes, who were each represented by their allotted quota of active, energetic workers and a number of extra ones, all intent on doing more than their share, but to the cordial consideration and generosity of the farmers, who patiently waited to be served, when the dining tents were crowded with appetizing lunches, never questioning prices, who were well known, that the profits were for Red Cross work.

This generous response contributed also to the success of the young ladies who assiduously tagged the crowds and made possible the splendid addition to the treasury of \$1721.33, from all sources, after all Toronto expenses were paid for this patriotic work, in which all takes such an interest.

The ags were pretty souvenirs of Oak Park and the Plowing match designed and printed by Mrs. G. Brown. The Institute desires to express its appreciation of the assistance freely given by many individuals and many firms only regretting that the list is too long to allow mentioning each one here.

The food provided was of the best from the fine ham (which takes first place on account of its soaring price) and to the evening Banquet to the Plowing Association at the Masonic Temple. Tea and cake were not forgotten that all tastes might be gratified.

The effort entailed a great amount of arduous work on the part of the ladies notwithstanding the energetic assistance of the members of the Farmers Institute, county officials and many other gentlemen, but it was ungrudgingly and cheerfully taken up and carried through, not alone because they are such zealous Red Cross workers but as a practical proof of their desire to assist every effort of the Farmers toward greater and more effective production.

Oak Park Farm and the many kindesses of the genial proprietor Mr. Balley and his charming wife will be long and pleasantly remembered by North Brant Women's Institute.
