Gentlemen,—In July, 1915, I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept., 1905, Mr. Wm. Outridge, of Lachute, urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and to-day I am as well as ever in my life.

Yours sincerely,
MATTHEW BAINES,

Preserving Chilkat.

The phonograph has been requisitioned to preserve the tribal language and the folk songs of the Chilkat Indians of Alaska. Louis Shotridge, a member of that tribe, has recently returned to the United States after an absence of four years in Alaska, in the interests of the University Museum at Philadelphia, Pennsylvania. He has devoted this time to studying the language, traditions and customs of his people, as well as to collecting their folk songs. Shotridge is the first Indian sent on such an enterprise. He has brought back many phonograph records of the Chilkat folk songs and ceremonial chants. Some of these will be transcribed into musical scores. The Chilkat are rapidly taking on the ways of civilization, and, but for the work of Shotridge, their native folk songs might have completely disappeared in time. The Chilkats are a fortunate people. What would many give to hear a phonographic record of English as spoken in the days of Chaucer, or the French of Mollere's time.

THESE GOOD TIMES.

People Have Many Luxuries of Late Years.

"Have you ever thought of the fact," said the middle-aged man who always takes the same table in a little restaurant in Herald square, according to the New York Herald, "that as regards inventions and discoveries the last twenty-five years are the richest and most momentous in all the world's history? Of course

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 608 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

you haven't. We take all such things so lightly. When I was a boy we had no motion pictures to entertain us, and the only amusement we had was to be taken occasionally to a dime museum or a Punch and Judy show. "Just think or what the children now have compared to that. We used to ride in dingy horse cars, with straw on the floor in winter and a little stove in the corner. And it was impossible to read in those cars by the flickering oil lamps. Now, just let me give you a list of a few things that make for our comfort, convenience and entertainment to-day—all of which have come to us within a quarter of a century. Here they are: "The electric light, the telephone, the automobile, the electric car, the motion picture, the phonograph, the airplane, the subway, the tubes under the rivers, the typewriter, duplex telegraph, wireless telegraphy, the air-brake, the typesetting machine, the color press, sanitary plumbing and a bathtub in almost every home, antiseptics and marvelous advances in photography. Now, my friends, think this over and you will be amazed how much farther advanced this generation is and what comforts and advantages we enjoy to which we give so little thought. Surely we have reason to be thankful."

Little Things That Count.

Life is made up, not of great sacrifices or duties, but of little things, in which smiles and kindnesses and small obligations, given habitually, are what win and preserve the heart and secure comfort.

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. A. Bernard, La Presentation, Que., writes:—"I have used Baby's Own Tablets for my baby and am well satisfied with them. I have recommended them to several of my friends who have also used them with beneficial results. The Tablets are a mild but thorough laxative which regulate the stomach and bowels and thus prove of benefit in cases of indigestion, constipation, colic, colds, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Seven Stages of Marriage.

"There are seven stages of married life, just as there are seven ages of man," is the united verdict of an octogenarian couple who have just celebrated their diamond wedding.

First, there is the period of sentimentality, which comes to all healthy-minded boys and girls; it is the first stirring of new desires for a new and splendid life.

"Second, there comes the romantic period, which is a more advanced stage than of purely sentimentality. "With the third comes disillusion. It is not necessarily tragic. The man realizes that his wife is just a woman, and this 'disillusion' often brings more solid happiness to the husband than he could ever have hoped for from the ethereal vision he once had.

"The fourth is the period of patience. Each has got to adapt himself and herself to the new view of each other.

"Fifthly, there is the period of reformation. The callow ideas of youth fade away and the real man and the real woman emerge.

"The sixth period is a period of contentment; each has become vital to the other.

"Lastly, there is the period of romance. We have been married sixty years, and we can often see more romance in looking back than in looking forward. The best rises to the mind, and we can dwell on many happy recollections."

Two Canine Heroes.

Two French war dogs, which well deserve the honor, have had their names and numbers posted up at all the French army kennels for a deed of valor. The story is that, at the time of the German offensive, the dogs' keeper stayed in the rear to the very last moment, waiting for his dogs to return with an important message. When they did come, the only way left to escape capture was by swimming the Marine, and the man could not swim, so he coupled the dogs together, and clinging to their iron chain, was dragged across the river by them, the three escaping unhurt in spite of a rain of bullets from German rifles.

Share and Share Alike.

The Russian revolution was not without its lighter side, as the following account of what happened in Petrograd will show:

A woman communist was holding forth, asserting that all were equal and all wealth should be divided equally. On this a man in her audience produced coins amounting to about a dollar and one-half from his pocket. "You have convinced me," turning to a bystander he asked him to change one of the pieces for him. He obtained two notes.

Facing the lady orator, he said: "This is all the money I possess. I will halve it with you," and he held out the seventy-five cents. She had out to take it, and was about to commence her oration again when her questioner continued: "No, no. How much have you in your purse? We must now divide that, since we are to share equally in our wealth." Reluctantly she produced her purse. It was opened and found to contain twenty dollars. The man pocketed ten dollars of this, thanked her for her interesting lecture and withdrew.

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It is because the healing vapor of Catarrhazone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully soothing vapor of Catarrhazone instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and falls entirely to help the throat or lungs.

Catarrhazone Just Breathe It

To permanently cure your winter ills, your coughs, sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhazone. But beware of the substitute. Large outfit lasts two months, costs \$1.00, small size 50c, trial size 25c, at dealers everywhere.

Chemistry.

The interest in chemistry and chemical products has greatly increased in Canada owing to the fact that this country had been forced by the war to depend upon its own resources in this direction. The following uses are described to these chemical products: In making soap and paper pulp, mercerizing cotton and purifying mineral oils, caustic soda is used; soda ash is necessary in the manufacture of soap and glass; silicate of soda (better known as water glass) is utilized in the manufacture of soap and in dyeing and printing calico, finishing cotton goods preventing wood rot, bleaching jute and preserving eggs.

The Apocrypha.

All the Old Testament apocrypha, fourteen in number, have been translated into English and are included as apocryphal books in some editions of the Bible. They were formerly printed under a distinctive heading between the Old and the New Testaments, and in that form can still be found in many old family Bibles. They are always included in the so-called Septuagint, a version of the Bible used by the Greek church.

Explaining Falling of Leaves.

The shedding of leaves in autumn may be due to physiological drought. The soil contains sufficient moisture, but the temperature of the soil may be too low to enable the trees to absorb it. "June drop" of oranges and many similar losses may be due to similar causes.
