A POLITICAL VETERAN

Sir Charles Tupper's 78th Birthday Celebrated in the House.

THE HALFBREED CHILDREN.

Discussion on the Best Method of Compensating Those of the "Half-Breed" Race for the Government for Their Interest in North-west Soil.

Ottawa, July 4.—The greater part of yesterday's session of the House of Commons was occupied in the discussion of the best method of compensating the half-breed children who have not yet received recognition from the Government for their interest in the soil of the Northwest. Mr. Foster led in the denunciation of the practice of the Government of not recognizing the half-breed children as the owners of the land they have cultivated and worked since the late and apparently been drafted by the brokers for the encouragement of speculation, but he had changed the form of the bill so that it could not be transferred without proper legal formalities. The Premier simply stated that the Government will not deal fairly with and give a satisfactory settlement. The bill passed, and the House adjourned at 12.30.

Sir Charles Tupper's Birthday. As Sir Charles Tupper entered the House yesterday afternoon he was greeted with enthusiastic applause by the occupants of the Opposition benches who were presented with a handsome bouquet of roses. The demonstration was in recognition of the fact that Sir Charles, celebrated his 78th birthday on Sunday, and the aged leader of the Opposition acknowledged the tribute from his colleagues with a courteous bow.

Questions and Answers. In reply to a question asked for Mr. Bergeron, whether it is the intention of the Government to indemnify every city or town in Canada, where there are Dominion public buildings as they intend to do for the city of Ottawa, was per resolution before Parliament, Sir Wilfrid Laurier said: My hon. friend is over-informing him that no town or city has claimed the same privilege as they have obtained by the city of Ottawa.

In reply to a question put for Mr. Clarke with regard to superannuations at the post office, Sir Wilfrid Laurier gave a list of the employees who have a superannuation of \$1,000, and said that the superannuations were made on a pensionary basis under instructions from the inspector. All the recommendations would be adopted and carried into operation at once. The persons recommended for superannuation were modestly examined by the pensionary surgeon.

Col. Prior, on the orders of the day being called, drew attention to a paragraph in the Western Colonist of June 22, in which it was stated that The Vancouver World had announced that the Hon. Charles Tupper would be appointed postmaster of Vancouver before the close of the session, and asked if he would be appointed to that office.

Sir Wilfrid Laurier corrected himself and said that he had not intended to say that Sir Charles Tupper would be appointed postmaster of Vancouver before the close of the session, but that he would be appointed to that office.

Continuing, he said that while he was on his feet he would, with the permission of the House, congratulate the leader of the Opposition on the 80th anniversary of his birth.

Sir Charles Tupper—Not quite as much as that. Sir Wilfrid Laurier corrected himself and said that he had not intended to say that Sir Charles Tupper would be appointed postmaster of Vancouver before the close of the session, but that he would be appointed to that office.

In the House then went into committee on the supplementary estimates for 1898-99, which were run through in some haste.

The House then went into committee on the Government Insurance Bill, which was passed in a few minutes.

Investment in Railway Stocks. The Minister of Finance, Sir Wilfrid Laurier, announced that the Government had decided to invest in railway stocks.

Mr. Foster, in a speech of some length, criticized the Government's policy of investing in railway stocks.

export of deer.

It was pointed out that the provinces issued licenses permitting the killing of deer, but the Dominion prohibited the exportation of the skins. Some of the provinces, notably Quebec, made it an offence to leave the carcases on the ground, to the detriment of the game. The United States could do so to eat the game where it was killed. The discussion was continued until 12.15, when the bill was passed through committee and the House adjourned.

THE RING.

Frank Erns Outpainted Kid Lavigne in 20 Rounds at Buffalo.

Buffalo, N. Y., July 4.—Another pugilistic champion has gone under, and again a younger man supplants an older one. Erns of this city met George Lavigne of Saginaw, Mich., in the open arena of the Hawthorne Athletic Club at Cheektowaga, a suburb of this city, last night, and after fighting 20 fiery and clever rounds, wrested the lightweight championship of the world from the older champion. Over 7,000 persons watched the contest, which was brimful of exciting episodes and checked full of hard and fast fighting. Lavigne went down to defeat and surrendering the coveted title in a most creditable manner. He was plucky to the last, and for the first half dozen rounds more than held his own against his adversary. In the seventh round Lavigne received a terrible drubbing, and was only saved from a knockout by the timely interference of the going. The Buffaloian simply lashed the title out of his opponent, and while not occupying a good deal of punishment he administered a terrible drubbing to Lavigne. The Kid was game to the end, however, although his guard was useless.

Vancouver's Trade Boom. Vancouver, July 4.—That Vancouver's trade is growing by rapid strides is apparent from the statistics of the month for the fiscal year which ended June 30. The total duties for the year were \$700,747.4, with other revenues of \$78,877.68, showing an increase of duties at this port of over \$100,000 above those of the last fiscal year. The inland revenues returns are also much larger than during 1898.

Salmon fishing began last night. The season and canners report the outlook good.

Capt. Pope's Leg Broken. Rochester, July 4.—Capt. Pope, commanding a company, 10th Argyle Light Infantry, Belleville, Ont., met with a painful accident yesterday afternoon while riding his horse. He became frightened and fell so suddenly that the captain was unable to free himself. He was taken to the Homeopathic Hospital, where it was found that he had suffered a fracture of both bones of the left leg. He will be confined to bed for some weeks.

Brantford Elects a Mayor. Brantford, Ont., July 4.—The election for the mayor and aldermen for No. 5 Ward came off yesterday, resulting in the choice of Mr. Harry Cookhouse, 785 majority for the mayoralty, and for aldermen for No. 5 Ward Mr. A. D. Perley was elected.

Deaths Since Like Quebec. Quebec, July 4.—The first contingent of the 688th regiment of the 2nd Canadian Infantry arrived here yesterday morning from Gros Ile. Another party of 400 men, the 689th regiment, arrived from Gros Ile. The Donkeyboys, who have just been released from quarantine, seem to have taken a fancy for the province of Quebec and some of them appear disposed to take up their residence in this part of the country.

Brussels Station Burned. Brussels, Ont., July 4.—The G.T.R. station here took fire on Dominion Day at 2 p.m., and burned to the ground in less than an hour. At the time there was quite a lot of freight in the station. A car of cement and a car of salt, which were standing on the track close to the station, are a total loss. Cause of fire unknown.

A Coffin Trust New. New York, July 4.—A Tribune special from Chicago says: A \$20,000,000 coffin trust was formed by the National Casket Company of New York, which has a capital of \$5,000,000. The promoter of the trust is C. W. Chappell, and his firm heads the list of companies in the new company.

Mr. Keefer Married. Hamilton, July 4.—Mrs. Star-Keefer, the divorced wife of Rev. E. B. Keefer, lived here but who is now in Ottawa, was married in Providence, R. I., to Dr. John M. Keefer, a member of the Royal College of Surgeons, in London, Eng.

Three Miles a Minute. New York, July 4.—Prof. Abellin Smith, member of the American Society of Engineers, and a scientist of repute, is now convinced that travel at the rate of three miles a minute is not only a possibility, but a development that the near future is certain to produce.

Five Men Killed by Lightning. Ulysses, Neb., July 4.—During an electric storm last night Victor and Ira Dobbson, John Amos, Jr. and two unknown men, were struck by lightning and killed. The team they were driving was also killed.

Breaks' House a Million. Vancouver, July 4.—As a fitting wind-up to Vancouver's great celebration, the steamer Ives arrived in port at midnight with many returned Klondikers and a million dollars' worth of gold dust on board.

A Forest Reserve. Toronto, July 4.—The result of the visit of Hon. J. M. Gibson is the establishment of a national forest reserve in the Lake Temagami district. Hunting and fishing will be permitted within its area.

The "Imperial Limited" was late on Sunday for the first time since its inception was inaugurated two weeks ago. The train was about eight hours behind the time it reached Ottawa.

THE AGRICULTURAL WORLD. In the Province of Ontario, and in the Dominion, the agricultural world is looking forward with interest to the coming year. The crops are generally good, and the weather is favorable.

On Thursday evening a man who said his name was Van Ousen, and that he came from Caldwell, Mich., was found three miles northwest of Waterloo with a bullet wound in his temple. He said that he had been killed while being held in life, having lost his family. He was removed to Brantford.

MME. DREYFUS COOK.

Authorities Grant Devoted Wife Extension of Privileges.

WILL SEE HER HUSBAND DAILY.

Capt. Dreyfus is Told the Whole Story by His Counsel in Prison—Prisoner's Memory is Good and His Lawyers Find His Mind Very Lucid.

Paris, July 4.—As the outcome of the Government's promise all France rejoiced to hear that Madame Dreyfus and her wife have arrived at Rennes. The town is quite tranquil.

Madame Dreyfus has only obtained permission to visit her husband three weeks for an hour. His composure is good, and he is able to communicate with the officers by writing. He is credited, with good authority, with the following statement: "My condemnation and sentence were the symbol of anti-Jewish intolerance. My judges were involuntarily put on an all racial or religious feud in the army, and in that France which I have passionately loved and served."

The Prince of Monaco has written Madame Dreyfus a sympathetic letter, inviting her husband to accompany him to the military prison at 10 o'clock every day morning. The permits for the lawyer to enter the prison bore the inscription: "Tenth Army Corps, Tribunal of the Court-Martial."

Permit to communicate, available until the day judgment is delivered. Monsieur Dreyfus has been granted an appeal, is authorized to communicate with Captain Dreyfus, whom he is charged to defend.

A Happy Meeting. This is the first time M. Demange, the defender of the Dreyfus family, has seen his wife since the sentence.

On entering the room, M. Demange and Dreyfus threw themselves into each other's arms. The scene was most touching. Neither was able to utter a word, but warmly embraced.

Dreyfus, when able to speak, thanked M. Demange for his devoted services. M. Demange for his devoted services. Dreyfus had been a silent spectator in the background of the foregoing scenes. Dreyfus, when able to speak, thanked M. Demange for his devoted services.

Reviewed the Past. Demange and Labori then gave the prisoner a general review of all which has happened since Dreyfus was sent to Devil's Island. Dreyfus explained the facts of his case, but was not able to enter into the details of his case.

Wife May Call Every Day. Rennes, July 4.—Madame Dreyfus visited her husband yesterday afternoon. She has received permission to call upon him each day.

Last evening Madame Demange and Labori had another conference with the prisoner. M. Labori said after it was over that the time had been devoted to continuing the review of events since 1898. His counsel was surprised at Dreyfus' strength of memory, even in trifling matters, and at the lucidity of his mind.

It was ascertained that, unless the authorities should direct a preliminary inquiry, the case would be put to rest. Dreyfus, or the counsel, the Government commissioner charged with the preparation of the case against the prisoner, will merely draw up a report, which will be presented to the court-martial.

His Wife Will Cook For Him. Dreyfus Will Have Food that He Can Eat Without Fear of Poison.

Paris, July 4.—Madame Dreyfus, it is asserted here, is not only permitted to see her husband daily, but is allowed to attend personally to the preparations of his meals. His memoirs, which he wrote on Devil's Island, were left there, but they will be forwarded to the Government with his other effects.

The Logical Derailed. There is a good deal of comment upon a speech made yesterday by M. Paul Droulede, founder of the League of Patriots, and long known as one of the most violent opponents of revision. Droulede said in substance, that if Dreyfus should be found innocent by the court-martial, "no punishment would be sufficiently heavy, no pillory sufficiently infamous, for all the Ministers, civil or military, who were responsible for his conviction, and no honor high enough for the martyr and victim."

Conference on Pacific Cable. London, July 4.—Mr. Joseph Chamberlain, Secretary of State for the Colonies, had a conference yesterday with the Canadian and Colonial Agents regarding the Pacific cable project.

CANADA'S CANALS. A celebrated Chicago Engineer Talks of the Value of our Deep Waterways System—Will Reduce Rates.

Chicago, July 4.—Chicago officials of the International Deep Waterways Association are planning a trip to Canada in August to see the opening of the St. Lawrence Canal. Lyman E. Cooley, American vice-president of the association, said yesterday that a party would probably be organized, including as invited guests a dozen or more representative officials interested in the deep waterways movement. Four of the officers of the Deep Waterways Association are Chicago men, Capt. J. S. Dombay, a naval lieutenant, O. A. Thorpe State president, and George O. Stone a member of the executive committee. The president of the association is O. A. Howland of Toronto, Canada.

The new canal is the last link in the chain of improvements that the Canadian Government has been making along the St. Lawrence River for a number of years. As soon as it is opened, the boats will be able to pass freely from the ocean to the Great Lakes, and vice versa. This change, according to the president of the association, will solve the transportation problems of the country for many years. It will have a far-reaching effect on commerce. He said yesterday: "I am confident that the new canal will reduce the rate to the seaboard from one to two cents a hundred pounds. This will enlarge the area of territory commercially tributary to Chicago, and diminish the amount of grain sent south to Galveston, New Orleans and other Gulf cities. Likewise it will have a tendency to bring to Chicago the grain that is now going by the all-rail routes to New York. On the upper business of the country the effect will be a marked one."

Records of the games played in Various Leagues on Monday.

The Canadian League. Woodstock 8, Toronto 6. Woodstock 9, St. Thomas 8. London 11, Hamilton 8. Chatham 9, Guelph 6. Chatham 7, Guelph 6.

The Eastern League. Rochester 18, Toronto 8. Syracuse 8, Montreal 5. Providence 10, Worcester 0. Springfield 10, Hartford 6. The Western League. Buffalo 6, Detroit 8. Indianapolis 6, Columbus 5. St. Paul 6, Duluth 5. The National League. Pittsburgh 7, Cleveland 1. Washington 15, Boston 3.

Trade Booms in Winnipeg. Winnipeg, July 4.—The amount of duty collected at the port of Winnipeg for July, 1899, was \$100,000. For the month of July, 1898, it was \$70,000. The amount of duty collected at the port of Winnipeg for the fiscal year ending June 30, 1899, was \$1,400,000. For the previous year it was \$1,000,000. This is an increase for the first time since the year 1895, when the millinery mark for customs, and shows how steadily and rapidly the country is progressing.

They Just Missed Collision. New York, July 4.—The French liner La Champagne, which sailed yesterday from Havre, just missed collision with the British freighter Iona, bound from Montreal for London, on June 28, about 200 miles southwest of Queenstown. The vessels passed each other, a passenger boat from Montreal, on June 28, about 200 miles southwest of Queenstown. The vessels passed each other, a passenger boat from Montreal, on June 28, about 200 miles southwest of Queenstown.

Good Templars Conclude. Toronto, July 4.—The Grand Lodge of the Independent Order of Good Templars is anxious to complete the business of their convention and return to their homes. Yesterday they held three sessions in an attempt to transact all remaining business. They were not through and will see them at work again. They expect, however, to conclude their convention by the end of the week.

Justice Investigation. Toronto, July 4.—His Honor Judge Morgan will go to Kingston on Thursday to conduct an investigation into the working of the postoffice there.

Friends Give Up Hope. Saratoga, N. Y., July 4.—Bartholomew's friends have given up all hopes of his recovery. The illness appears to be sinking rapidly.

The Steanship Mariposa, which has arrived at San Francisco from Australia via Samoa and Honolulu, reports that she will have interviews with the Government, which open in Manila this week.

The families of McDonald and Fraser, who were killed while laboring on the crew's boat, have been given \$1,500 each by the O.P.R.

Prof. J. G. Schurman of the U.S. advisory commission for the Philippines is sanguine of results yet. He expects 5,000 children to be vaccinated in the islands, which open in Manila this week.

Mon. E. J. Davis, Provincial Secretary, has returned to Toronto from his trip with the members of the Legislature through New Ontario. The Minister regards the trip as a duty of great importance and importance to the province at large.
