

The following, which is known as "Mother Shipton's Prophecy," was first published in 1488, and republished in 1641. All the events predicted in it, except that mentioned in the last two lines—which is still in the future—have already come to pass:—

Carrriages without horses shall go
And accidents fill the world with woe,
Around the world thoughts shall fly,
In the twinkling of an eye.
Water shall yet more wonders do
Now strange yet shall be true.
The world upside down shall be,
And gold be found at root of tree,
Through hills man shall ride,
And no horse or ass be at his side.
Under water man shall walk
Shall ride, shall sleep, shall talk,
In the air men shall be seen,
In white, in black, in green.
Iron in the water shall float,
As easy as a wooden boat.
Gold shall be found, and found
In a land that's not now known.
Fire and water shall wonders do,
England shall at last admit a Jew.
The world to an end shall come,
In eighteen hundred and eighty-one.

ARRIVAL OF THE FLYING SQUADRON.—Halifax, July 7.—The Narcissus, Topaz, Immortalite, Eudymion and Aureola, the ships of the British detached flying squadron, arrived here to-day from Bermuda, having left that port on the 26th June. They made a handsome marine picture as they steamed up the harbor in line, and crowds of people on the wharves witnessed it. The fleet is under command of Admiral T. A. Campbell. Salutes were exchanged between the Narcissus, the flagship of the squadron, and the Royal Alfred and Citadel. After remaining here a week or ten days the squadron will proceed to St. John's N. F. The cruise of the squadron, which is composed of crack vessels, has been a most satisfactory one; they have had very little sickness, and only four deaths by casualty or disease have taken place. An officer, Richard Evans, engineer of the Immortalite, died off St. Domingo, of inflammation of the lungs, and was buried on shore with military honours.

MARRIED.

At St. John's, on the 15th inst., by the Rev. Dr. Doyle, at the residence of the bride's brother, Mr. William Donnelly, to Bridget M., daughter of the late Mr. Patrick Jordan.

DIED.

At Bloomfield, Bonavista Bay, June 11, of whooping cough, Helen, youngest child of Mr. Robert Strathie, aged 6 years and 6 months.
At the same place, June 19, of consumption, Ellen, eldest daughter of Mr. John Perry, aged 24 years.

The Reserve Dividend system

Is one more step in the march of progress. Presented only after mature thought, it invites the test of the severest scrutiny. Its chief merit is its PERFECT ADAPTABILITY to the wants of insurable lives. The RESERVE DIVIDEND and RESERVE ENDOWMENT POLICIES originated and published by the Company's Actuary, under copyright in 1869. The principle involved renders every form of insurance a provision in life. It converts an ordinary life Policy, otherwise payable only in the event of death, into a CASH ENDOWMENT, MATURING EVERY TEN YEARS.
