

EVERYONE SEEMS TO BE TAKING "FRUIT-A-TIVES" Demand Always Increasing Because "Fruit-a-tives" Cures

The real value of any article may be judged by the demand for it. Steadily increasing sales are the surest indication of intrinsic merit. This applies to a medicine as well as to a breakfast food. First introduced to the public in Ottawa, the fame of "Fruit-a-tives" quickly spread until to-day these fruit juice tablets are known and used in every section of the Dominion. The only reason for this extraordinary demand is that "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only remedy that will positively cure Constipation, Biliacousness, Indigestion, Dyspepsia, Backache, Headache, Neuralgia, Rheumatism, Bladder and Kidney Troubles. One has only to read the testimonials given to "Fruit-a-tives" by some of the best known and most highly esteemed people of Canada, to appreciate the wonderful amount of good that this grand fruit medicine has done and is doing for the sick and suffering. 50c. a box, 6 for \$2.50, or trial box, 25c. THE RELIEF WORK AT CAMPBELLTON

How Money Received is Disposed of by Those in Charge.

MR. MCKENZIE'S LETTER.

In answer to the numerous inquiries that have been made from time to time in the press as to the use to which the Campbellton relief committee was making of the money which they were receiving from time to time George G. McKenzie, chairman of the committee, has sent a letter to the Graphic in which he details their plans for the coming winter and the manner in which they intend to provide relief. At the time the letter was written the committee had received the sum of \$57,178.85 and had expended \$2,158.85. Mr. McKenzie also enclosed a list of the money and supplies received on Monday. Following is the letter:

Campbellton, N. B., Aug. 8, '10. To the Editor of the Graphic: Sir,—I notice from time to time inquiries as to what our committee is doing with the cash that has been received. This is a very proper question.

The funds received have been deposited in our three local banks in about equal proportions in the name of the financial committee as a relief fund. The amount received at this writing is \$57,178.85 and \$2,158.85 has been expended for food, supplies, building of relief station, household utensils, bedding and the administration of the general relief.

All our committee men numbering ten, excepting the chairman of the general relief committee, are giving their services free. Of course we have to pay all our assistants, but in many cases their work is a form of relief to the families they represent.

The large proportion of our relief fund is intended to house the poor through the coming winter. To some of these we expect to give moderate aid towards rebuilding their homes, but only those who have been rendered destitute through the late fire. Another class are utterly penniless but must be housed through the winter and we are striving to provide them with shelter.

We are now taking applications from those who think they ought to receive aid in rebuilding or who must be housed. In a few days we hope to have the list completed when our committee will have to decide who will have to be helped, and to what extent. This step has been delayed so that we may be able to judge what amount we will have at our disposal to do this work. The taking of these applications began on Saturday and now (Monday at noon) has reached 100. We fear that not more than one-fourth of the applications are yet on file. This our most serious problem. We will also have to aid many families towards housekeeping, but to a very moderate extent, such as purchasing a stove or necessary bedding. Then again, we will have to provide food to quite a number—but this number is gradually diminishing and will diminish for quite a while.

There is plenty of work now for our working population and this will be so until the weather becomes too cold for building and other work of this class. When that time arrives we expect we will have to provide a great many families with food and fuel or assist them until the work again becomes active.

This is a bare outline of our plans and we know we have to face a situation. One town has been almost annihilated and we hope to retain the greater part of our population but for this we must assist in the work we have outlined. To do this we must have the general assistance from the people of this town and elsewhere if it can be obtained. Yours very truly, G. G. MCKENZIE, Chairman of the Committee.

DOUBLE TRAGEDY ON THE GRAND BANKS.

Captain and One of the Crew of Portuguese Fishing Vessel Became Demented Over Poor Prospects for Fish, and Both Plunged into Sea.

Louisburg, C. B. Aug. 9.—Worried over the scarcity of bait and fish, the captain of a Portuguese schooner fishing off the Grand Banks jumped overboard and drowned himself several days ago, to be followed by one of his crew three days later. Both along the shore and on the Banks there is a great scarcity of bait and fish, something unusual for this time of the year. An American fishing schooner that arrived here today brings the news of the suicide of the Portuguese captain and one of his crew.

The crew of the American schooner state that they have been fishing near the Portuguese vessel, and one day they noticed one of the crew leap overboard. Upon making enquiries it was learned that three days previously the captain, who had been greatly

worried over the scarcity of bait and fish, had committed suicide.

The dories had been away all day and when they returned reporting no bait, the captain became suddenly pemented and jumped overboard, exclaiming, "No squid, no fish, here goes!" The man they had seen go overboard was the second to commit suicide, he saying the same as the captain. The crew were greatly agitated over the matter, and unless conditions improve it was feared that others of the crew might end their lives in the same manner.

The scarcity of bait at this season of the year is altogether unprecedented, and if it continues, few of the many vessels engaged in hand-line fishing will be able to declare dividends for their owners for the season's work.

CAMPBELLTON August 12 HOTEL NEEDED

Some provision for a first class hotel should be made at once as at present the travelling public cannot be accommodated in any manner and are obliged to go to Matapedia or Dalhousie. Several local gentlemen have desirable sites and would assist the enterprise if the right parties took hold.

CURES AT STE. ANNE'S.

The Chatham correspondent of the New Freeman, writing on the recent pilgrimage to Ste. Anne de Beaupre, says: J. J. Slattery, of Antigonish, N. S., was cured of a paralyzed arm and hand, which was paralyzed two years and ten months. Another cure was that of Lemy Renous, an Indian of Newcastle, eyesight restored. Big Lemy afterwards visited a museum and took great interest in the Indians of the 15th century in their ancient war paint.

GRAPHIC BEING PUBLISHED.

The Campbellton Graphic is already revived and has made its appearance as a neat, newsy six column paper. The proprietor, Mr. Anslow, lost no time in rising superior to obstacles and his pluck is typical of that which animates all Campbelltonians and which will place the town on its feet very shortly.—Chatham Gazette.

A SHINING MARK

What Parisian Sage did for Chas. S. Baker, it will do for you. Read the following:

"I was so bald and such a shining mark for my friends, that I, as a last resort, tried your Parisian Sage (after trying several bottles of the highly advertised and high priced so called hair restorers), and I am glad to say I now have a heavy growth of new hair after carrying my shining mark for over seven years. I gladly recommend Parisian Sage to all afflicted with baldness." Chas. S. Baker, 491 Main St. East, Rochester, N. Y.

Parisian Sage, the only natural hair restorer, is guaranteed by T. J. Durick to cure dandruff, stop falling hair, and cure itching of the scalp, or money back. It is the ladies' favorite hair dressing, because it adds charm and luxuriance to the hair. 50 cents a bottle. Ask T. J. Durick about it.

INTERNATIONAL RAILWAY.

Mr. Carleton Brown of the engineering staff of the International Railway, arrived from St. Leonard's Saturday to spend the week end at his home here. He will return to the International Railway via Campbellton next week. Steel is laid on the International from one end of the line to the other and ballasting is now in progress. Express trains will be running on the line within a few weeks.—Fredericton Mail.

A GOOD SUGGESTION

The suggestion has been made to take the present school grounds for a public park and erecting two schools one nearer each end of the town, so that children from the various ends would not have so far to travel to school. The present grounds could be converted into a park with little expense. Campbellton Graphic.

Your Grocer Knows

EVERY good grocer is willing and anxious to please his customers. Sometimes if he happens to be out of the goods you ask for, he may recommend a different brand rather than keep you waiting. But when it comes to flour, he knows that Ogilvie's

Royal Household Flour

is one of the things for which there is no substitute. No other flour is "just as good." Ogilvie's "Royal Household" is in a class distinctly by itself. To offer a substitute for "Royal Household" would be like offering oleomargarine to a customer who wanted prime dairy butter. No good grocer would do it. When you tell him you want Ogilvie's Royal Household Flour, he will send that and nothing else.

"Ogilvie's Book for a Cook," with 125 pages of recipes that have been tried and tested, will be sent free if you will send us your address and mention the name of your dealer.
