A very inspiring missionary pageant, in which 65 persons took part, was held in St. Luke's church, Wednesday evening. The church was filled with a most appreciative audience. Miss Tweedie, a returned missionary, gave a most interesting address. The ladies of the choir were all gowned in flowing robes of white and made a pleasing impression both by their appearance and singing. Miss Alice Marven presided at the organ. Miss Muriel Ellis introduced the audience to the missionary ideas embodied in the pageant, with marked ability. The following nations were represented by ladies and children dressed in the native costumes of their various countries—Egypt, India, Burma, China, Korea and Japan. Relief From Indigestion

The Most Common Cause of This Trouble is Poor Blood

All conditions of depressed vitality tend to disturb the process of digestion. There is not a disturbed condition of life that may not affect digestion. But few causes of the trouble are so common as thin, weak blood. It affects directly and at once the process of nutrition. Not only is the action of the gastric and intestinal glands diminished but the muscular action of the stomach is weakened. Nothing will more promptly restore digestive efficiency than good, red blood. Without it the normal activity of the stomach is impossible.

Thin, pale people who complain of indigestion must improve the condition of their blood to find relief. The most active blood builder in such cases is Dr. Williams' Pink Pills. They make the rich, red blood which quickly restores the digestive organs to their proper activity, and the dyspeptic who has hated the sight and smell of food now looks forward to meal time with pleasure. As proving the value of Dr. Williams' Pink Pills in curing indigestion Miss Edith M. Smith, R. R. No. 4, Perth, Ont., says: "I can honestly say I owe my present good health to Dr. Williams' Pink Pills. My stomach was terribly weak and I suffered from indigestion and sick headache, and was always very nervous. I was troubled this way for nearly three years, and in that time took a great deal of doctors' medicine, which, however, did not help me. I could not eat anything without experiencing the most agonizing pain. My sick headaches were most violent and I could not rest night or day. I was asked one day by a friend to try Dr. Williams' Pink Pills, and consented to do so. After taking them some time I found they were helping me, and I continued to take them steadily for several months, until I found that I was completely cured. While taking the pills I gained both in strength and weight, and I feel it impossible to praise Dr. Williams' Pink Pills too highly.

You can procure these pills through any dealer in medicine or by mail, post paid, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

The Price of Your Local Newspaper

THE cost of living has nearly doubled during the last 15 years. Almost everything in common use has risen in price. Yet your weekly newspaper has remained a dollar a year without variation.

The printer and publisher have not escaped having to pay the higher cost of living and publishing. He pays what others pay for the necessities of life.

Even before war broke out, the old dollar rate was known to be unprofitable. It costs at least \$1.50 to produce a good weekly newspaper—this when it has a good circulation, and when circulations are small, the \$1.50 rate is scarcely enough. But the war has made the old dollar rate quite impossible. Paper prices have jumped alarmingly. Ink prices have doubled, trebled, quadrupled. Many colored inks are quite off the market. Type is terribly high. And so we could go on reciting the dismal tale of higher publishing costs.

What we want to do is to let you see for yourself that in the face of these things, only one thing is left open to us—it is to raise the price of the Advocate to \$1.50 a year.

YOUR weekly newspaper is rendering this community a service no city daily can. No daily will give space to local news and affairs as The Advocate does. No city daily publishes the advertising of local merchants. If you had to depend solely on a city daily for local news, you would cry out for your local weekly.

On and after Nov. 1st the new rate of \$1.50 will go into effect. We ask you and all the good people of Newcastle and county and neighborhood to fall in with the new rate—just because it is an honest price and because you are fair-minded.
