

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q. "Fruit-a-tives" is certainly a wonder. For a year, I suffered from Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again. "One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me. I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism". LORENZO LEDUC. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

We Cannot See Into The Future

Cases of President Wilson and Lord Beaverbrook Compared by Nova Scotia Paper

(Eastern Chronicle, New Glasgow, N.S.) Just twenty years ago Woodrow Wilson lectured on history before the Brooklyn Institute. The report was a stick in length and was buried at the bottom of the column on an inside page. But Woodrow Wilson was then on the right track and was heading straight for a royal salute at Dover and a chatty visit with the worth-while crowned heads of Europe, and a night in a hounding bed at Buckingham Palace. It is hard to tell who the great one is, as you see them walking up and down Fulton street—Brooklyn Eagle. While interesting, there is nothing so absolutely remarkable in the circumstance. Some time ago in looking up back files of the Eastern Chronicle, around about 1901, we came upon an item reading: "Max Aitken, Insurance Agent, left town for Halifax this week. It now seems that Max was on the same track, just as much as Woodrow was when he delivered his lecture on history. Both have since made his name. Woodrow Wilson crossed the Atlantic with an escort of battle-ships. If writers on the other side can be credited, Max Aitken had something to do with the royal salute that greeted the great American. Aitken is now Lord Beaverbrook, but they tell us he still 'max' the intimate with him. He calls Lord George 'David', J. M. Barrie, 'Jim', and H. G. Wells, 'Herb'. That's going some, as the small boy would say he is credited with the organization of the British War Coalition Cabinet, when he crooked his finger and 'David' came from one side and his Jewish New Brunswick, 'Herb', came from the other side. In a trice he had a government with Lloyd George and Bonar Law working together. Max was content to be Minister of Propaganda in the government. From a lecture platform in Brooklyn to a royal salute in England in twenty years is admittedly making progress; yet the spasms from insurance agent in New Glasgow to dispenser of propaganda for a whole empire, with a perage thrown in, may run their course as great as you see them walking up and down Provost street, New Glasgow.

Annual Meeting Highland Society

Hon. Robert Murray Is New President—Grant Increased to Miramichi Hospital

The annual meeting of the Highland Society of New Brunswick at Miramichi was held at the Canada House, Monday, of last week, Pres. R. Cory Clark in the chair. The following new members were elected: Rev. L. H. McLean, Percy Russell, John H. Toy, Newcastle and Canada House, Chatham. The treasurer's statement showed a cash balance on hand of \$957.71 and 23 shares of Bank of Nova Scotia stock amounting to over \$2000. Secretary reported the death of three members during the year—J. H. Macdonald, J. C. Miller and Col. A. R. G. Macdonald. Rev. L. H. McLean and Secretary reported a committee to send letters of condolence to relatives. Mr. Davidson gave his report as the Society's representatives on the Miramichi hospital board. He paid a tribute to the courage and determination of the hospital staff and the patients. He reported that the hospital had received a grant of \$5000 from the Government. The following amounts were voted: Supplemental grant to Miramichi Hospital \$5000 and Dr. J. H. McLean, Vice-President. Rev. L. H. McLean, Chairman. Wm. Wilson, Treasurer. Allan J. Ferguson, Secretary. Allan Gibley, Editor. Allan J. Davidson was re-elected the Society's representative on the hospital board, and George Skyles, J. C. Macdonald, James Robinson, Wm. Wilson, J. B. Johnston and Robert Stewart were chosen as the committee for the dispensation of charity. Highland Society Scholarship Committee—W. A. Park and A. A. Davidson. BOARD OF DIRECTORS: J. M. Aitken, Ernest McEwen, Dr. J. D. McMillan, R. A. Loggie, Robt. Galloway, David Sadler, D. Macdonald, R. A. Snowball, F. H. Macdonald, A. T. Ross, E. S. Jack, John Elder, Dr. D. R. Moore, David Ritchie, John Robinson, Howard Fleming, Allan J. Toy, L. J. Loggie, Dr. J. H. McLean, W. J. C. Scott, George Brown. Charitable purposes—New- castle and Chatham. Grants for the coming year were voted as follows: Hon. Robt. Murray, President. G. G. Stochart, R. A. Snowball. ODDS AND ENDS FROM VARIOUS QUARTERS: Verselles first became a Roman settlement about the year 1032. When Louis VIII built his Norman castle in 1066, he founded an English city of 10,000, has the unique distinction of having no pawnbrokers within its boundaries. The university of Petrograd is the largest university of its kind in the world, one building of which has a outcrop of nearly a quarter of a mile. The Kiel Canal was designed and constructed principally for her own war-ships. It cost \$20,000,000 to construct and its maintenance costs \$2,000,000 a year. With the exception of one or two at the British Isles, Russia is the most illiterate country in Europe, over sixty per cent of the inhabitants being unable to read or write. During the long winter siege of Sebastopol the British soldiers in the Crimea allowed their beards to grow, and on their return revived the fashion, which has never died out. One coffee tree yields about a pound of coffee beans each season. Many of the lamp standards on London and Waterloo bridges are made from cannon captured by British troops in the Napoleonic wars. London is the "rat center" of the world. It has been estimated that there are as many rats in the British metropolis as human beings. The kissing of the hat which forms a part of the second salute, is a relic of the Crusades, whose sword hilts were in the form of a cross. The practice of wearing beards had practically died out in England when Queen Victoria came to the throne. But during the long winter siege of Sebastopol the British soldiers in the Crimea allowed their beards to grow, and on their return revived the fashion, which has never died out.

NEW C.P.O.S. LINERS

THE part played by the Canadian Pacific Ocean Services in the great European war will make a big chapter in Canadian history. Undoubtedly the sea supremacy of Great Britain was one of the most potent factors in the winning of victory which was obtained, and the ships of the C. P. O. S. took a big part in making Great Britain supreme at sea. There are few branches of sea service in which they did not take a part. Mounted with guns some of them were where there was fighting to be done. Over 4,000,000 tons of cargo and munitions of war have been carried in addition to many thousand horses and mules. The C. P. O. S. have carried from the outbreak of hostilities to October 31st, 1918, 1,011,000 troops and passengers all over the world, embracing ports in China and Japan, Singapore, Bombay, Mesopotamia, Suez, Gallipoli, ports in the Mediterranean, Colombo, Dares-Salaam, Delagoa Bay, Durban, and Mauritius, in addition to the west coast of North and South America, and the United States and Canadian ports. The total loss of troops carried caused by enemy action and irrespective of disease has been eight in number. On one consecutive continuous voyage one of the company's vessels steamed 28,441 miles. Over 300 officers and engineers were found out of the company's service for the Royal Navy. Lieut. R. N. Stuart, one of these, has won the D.S.O. and the V.C., while many others have received decorations and been mentioned in despatches. The Mississauga, a C. P. O. S. steamer, was the first vessel to sail on her maiden voyage from Great Britain to Canada after the outbreak of the war in 1914, a sister ship, the Metagama, sailed on her maiden voyage from Liverpool, March 24th, 1915. These two splendid ships have been followed by two larger ships, the Melita, which sailed from Liverpool Jan. 26th, 1918, and her sister ship, the Minnedosa, on her maiden trip from Liverpool Dec. 8th, 1918 to St. John—the first steamer to sail since hostilities ended. The Minnedosa is a splendid acquisition to the company's large fleet of C. P. O. S. vessels. She has a gross tonnage of 14,000, length 546 feet, width 67 feet, depth 45 feet and a total cargo capacity of 488,000 cubic feet. There is accommodation for approximately 500 cabin and 1450 third class passengers. The Gymnasium on "A" Deck (or Boat Deck) is fitted with the latest mechanical devices for exercise and amusement. On "B" Deck (or Upper Promenade Deck) are located the Cabin Smoking Room, Cabin Drawing Room and Cabin Lounge. The Entrance Hall from the extensive Promenade Deck with its paneling, mirrors and staircase is an attractive approach to the Dining Saloon. The Spacious Lounge with its charming old English fireplace and large windows is fitted with appropriate green paneling. It is most comfortably furnished and hung with beautiful old English prints of the 18th century and some rare old lacquer mirrors. The Drawing Room, paneled with most beautiful Australian Black Bean Wood in the Queen Anne style, has an air of coziness not often found on board ship. The beautiful colored prints which adorn this room are from the famous panels painted in 1780 by Fragonard for Madame du Barry and purchased by the late Pierpont Morgan. A writing recess is also to be found in this room. The Smoking Room is paneled in old oak of the Jacobean style, its fine old chimney piece and sporting prints being noteworthy features. A small number of two-berth staterooms are provided on this deck. On Deck "C" (or Lower Promenade Deck) is to be found the Bureau and Ticket Office. A special feature is the spacious square and gallery round the well over the Dining Saloon. A good number of well appointed, airy and commodious staterooms are provided amidships for cabin passengers containing three and four berths. At the forward end an entrance for third class passengers is provided. On "D" Deck is situated the Dining Room, which extends the whole breadth of the ship and has seating accommodation for 300 persons, placed at small and large tables. It is tastefully decorated in the Georgian style, a special feature being the open staircase. There is accommodation for 60 cabin passengers on this deck in four berth staterooms. At the extreme after end of "D" Deck, the Third Class Smoking and also Third Class Ladies' Room is to be found, whilst at the forward end there is a Third Class Dining Saloon, with seating capacity for 140 persons, another Smoking Room and also General Room. The Main Third Class Dining Saloon, seating over 400, is also on this deck. On the starboard side of deck "E" are a number of Cabin Staterooms containing two and four berths, whilst another Third Class Dining Saloon, with a seating capacity for 125 persons, is situated in the after end of the ship. The Mississauga was torpedoed and sunk by a German submarine in 1918.

Winter Weather Hard On Little Ones

Our Canadian winters are extremely hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They regulate the stomach and bowels and prevent or cure colic. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Extends Sympathy In Hero's Death

Minister of Militia Writes Feeling of Death of Private Charles Arbeau of Upper Blackville

Mrs. Agnes Arbeau of Upper Blackville has received the following letter from Major General Arbuthnot, minister of Militia in reference to the death of her son, Pte. Charles Arbeau, who was recently killed in action.

I desire to express to you my very sincere sympathy in the recent death of your son, No. 3255106, Private Charles "Burt" Arbeau, Canadian Exped. Force, who in sacrificing his life at the front in action with the enemy has rendered the highest services of a worthy citizen. The heavy loss which you and the Nation have sustained would indeed be depressing were it not redeemed by the knowledge that the brave comrade for whom we mourn performed his duties fearlessly and well as became a good soldier, and gave his life for the great cause of human Liberty and the Defence of the Empire. Again extending to you in your bereavement my condolence and heartfelt sympathy.

I am, Yours faithfully,
S. C. McWHURR
Minister of Militia and Defence

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.
