THE CANADIAN CLUB PROPOSES A MEMORIAL

to Honor the Memory of Poet-Late Col. John McCrea, Author of "In Flanders Fields."

Members of the Canadian Club receipt of the following announcement:

A movement has been inaugurated by the Canadian Club of Guelph to erect a memorial to Lieut.-Col. McCrea, B.A., M.D., the author of "In Flanders Fields" and other poems. Col. McCrea had been an officer in the Guelph Canadian Club, and took a keen interest in the Canadian Club movement, so it was the fitting that the members of the Canadian Clubs of Canada and the United States should place a monument on his grave in Boulogne, France. Dr. Creelman, of the Ontario Cultural College, and Hon. Dr. Minister of Education, visited the grave; and it is thought that a memorial should be erected which would be engraved his famous poem, "In Flanders Fields," in English and in French. The monument would also record the fact that the Canadian Club movement has been practically all Canadian who have asked their members to subscribe; and already a generous response has been made. The Executive of the Toronto Canadian Club feel that in the case of such a beloved and world renowned Canadian as Col. McCrea, who presented that high type of Canadian citizenship which is the aim of the Canadian Club to foster, an effort might well be made to the forwarding the solicitation of subscriptions from members.
