A BOY'S STRUGGLE FOR TWICE DELIVERED FROM DEATH

Mr. S. J. New of 154 Baldwin St., Toronte, says: "I can trace my son Harold's trouble to when he had the measles five years ago, from w. ich he never really recovered. So ne of the best physicians attended him, but with months of suffering he in turn contracted Valida Visibilit whooping cough, bronchitis, and then pneu nonia."

"MY POOR BOY WAS REDUCED TO A SHALOW." "Month after month went by that we shall not soon forget; months of sleepless nights, fearful c ughs, weakening night sweats, left my boy a mere shadow. He had no appetite, and my h art ached to see how he was wasting away. He spent one whole summer at the Lakeside Home for sick children, and came home greatly improved, but the cold winds of Octob r took him off his/feet again. The doctor advised me to send hin to Muskoka, but heavy doctor's bills had depleted my financial resources and such a step seemed out of the question. Scores of friends advised the use of PSYCHINE, b 11 was inclined to place PSYCHINE on a par with many adv rtised remedies and cheap nostruns. However, my friends proved such strong advocates of it that I at last consented to try it."

"HUMAN | IPS CANNOT DESCRIBE THE CHANGE." "We tried PSYCHINE and human lips cannot describe the change that took place. No words can express the thankfulness of his mother and myself when we saw the crisis was over and realized that our boy was fighting his way back to life and health.

HAROLD NEW, TORONTO PSYCHINE had mastered that which all the dectors' prescriptions had failed to check. Day by day Harold grew stronger and a'l through the winter of 1906 although continually out of doors he failed to take cold, and he put on flesh very quickly. By the spring my son was completely cured, and developed into a stro. g, sturdy lad."

HAROLD AGAIN FALLS A VICTIM TO DISEASE. "Allout last Christmas he was again attacked, this time with diphtheria; and had this dread disease very badly. After spending some time in the Isol ation Hospital he returned hone cured of his illness, but oh ! in such a pitiable state of emaciation. The la est struggie with the grim monster death had reduced him to a skeleton almost, and the boy could scarcely stand, he was so weak."

PSYCHINE AGAIN GIVES GOOD SERVICE. "Again we began to give him PSYCHINE and before one bottle had been used he showed a marked improvement. We continued the treatment, and in a very short time Harold was as strong s ever and able to go to school. We haven't any reed for a doctor in our home since we started using PSYCHINE. It is certainly a wonderful Car you wonder that I am never tired of proclaiming its merits?"

remedy. Car you wonder that I am never tired of proclaming its metrics. Though I in such a marked degree, I may say that my other children have been greatly and no sufferers benefited by this medicine. It saved my boy Harold's life without doubt, and no sufferers should despair until they have given PSYCHINE a trial."

PSYCHINE is the greatest strength restorer and system builder known to medical science. PSYCHINE regulates and tones up all the vital organs. It cures stomach treables, aids d estion, destroys disease germs in the system. The greatest of tonics, it makes the blood pure, ricl. and healthy, giving renewed vigor and energy to those who are weak and tired and run down. It revitalizes every part of the system, and cures when all else fails. At all Druggists, 50c. and \$1.00. DR. T. A. SLOCUM, LIMITED, Slocum Building, Spadina Avenue, Toronto.
