Nickel's Big Bill.

The mid-week change at the Nickel Theatre, last evening, attracted large audiences. The Gaumont Graphic showed among other things, the late Capt. Scott embarking for the South Pole, the 35th annual rugby match between Oxford and Cambridge, which was won by the former, the French lady flyer Mlle. Marvingt in some marvellous feats, the Australian Derby, and a view of the floods at Rio de Janeiro. "The Redemption of Greek Joe" is an interesting story, telling of a life in a coal mine. The next film was entitled "Darby and Joan," and was highly spoken of by all present. Miss Gardner and Miss Guerin were pleasing in their songs and were warmly applauded. The pictures will be repeated this evening and there will be new songs.

In Memoriam.

There passed away at the residence of his parents, New Gower Street, a bright and promising boy in the person of little John O'Toole, darling son of Francis and Hannah O'Toole. Although but seven years old he was the joy and comfort of his grief-stricken parents, who keenly feel their loss. Of a bright and gentle disposition he gave promise of a bright future. What adds to the grief of his devoted parents is the suddenness of his taking off. A few days before his death he was at school, and entered into his childish sports as joyful as ever, and in the midst of all the summons came and he was called away to his Heavenly Home. Little John was called away at the age when his attractiveness was doubly dear to his parents, just emerging from childhood to youth, and in their sorrow we offer our sympathy.

"A precious one from them has gone,
A voice they loved, is still'd,
A place made vacant in their home
Can never more be filled."

Poor Whaling.

The whaling voyage promises to be one of the worst on record. The Cabot, Puma and Lynx have been reported for two whales each, or a total of six. The Hump, operating at Dublin's Cove, has not captured a fish yet. The Cachet came over yesterday afternoon from Harbour Grace where she was on dock. After being provisioned she will leave for Hawke's Harbour to begin operations.

OBITUARY.

The death occurred suddenly at Broad Cove, Renews, on Friday past, of Mrs. John Murphy, at the Post Office there. Mrs. Murphy will be sincerely mourned by the many people who knew her along the Southern Shore, and also in her own particular locality. Her home was often a welcome haven for many a weary stranger and her kindness and charity were often experienced by the poor and needy. She is survived by a mother, five daughters and two sons, to whom the Telegram extends its sympathy.

TOKIO, May 21.

Since the news that the Californian Alien Land-ownership Bill had been signed by Governor Johnson, was received here, the Government has redoubled its efforts to pacify the people in the belief that Washington will find a peaceful solution of the problem. It is felt, however, that it will be extremely difficult to stem the tide of popular anger against the United States, as the Japanese generally regard the issue as involving their national honor. Bankers and big business men throughout the country favor moderation and are bending all their efforts to avoid a conflict. Considerable alarm is evident, however, in official circles owing to the attitude of the lower classes, who seem to desire war on any pretext and under any conditions. The old Samurai spirit appears to be reviving in the Emperor and his entourage, bearing in mind the success of the republican movement in China which has had such a strong effect upon the peasantry and workers in the cities—and Japan is afraid to resist it. Arthur Bailey Blanchard, Secretary of the American Embassy, called on the Japanese Foreign Minister yesterday and assured him that the United States would do its utmost to find a peaceful solution of the dispute, asserting again it was not an American but only a Californian dispute.

LONDON, May 21.

Lord Methuen, in the course of a speech at a meeting of the Army Temperance Association, warned society against the increase of smoking among women. He declared women did not know the sense of propriety the same as did men, when they began smoking and did not know where they acquired the craving, in which they indulged from morning until night. "I hope," said the speaker, "society will recognize an excess of smoking among womanhood as among men, is a danger that we must protect ourselves against—not only for ourselves but in the interest of our children who come after us."

MONTREAL, May 21.

The action of the underwriters of Lloyd's Marine Insurance Companies in refusing to insure the largest type of modern liners constructed for the Hamburg-American lines had the effect of compelling these lines to undertake much of their own insurance. The contention of the underwriters is that even if there be no serious casualty, the leviathans rarely make a trip without encountering some mishap sufficient to run away with the premium, which leaves the underwriters in an unsatisfactory position. The insurance question is therefore bound to have a tendency to limit the size of future ships; and it seems probable that with the launching of the new White Star Liner Britannic which is under construction at Belfast the limit will have been reached as regards the size of the vessels which cross the north Atlantic.

LONDON, May 21.

The Standard asserts the militant cause is practically bankrupt; and claims to know that the alleged huge war chest of the suffragettes of over \$500,000 is a gigantic bluff. The alleged \$75,000 subscribed at the last Albert House meeting consisted of dummy cheques, there being only \$4,000 in cash. The receipts from the sales of militant papers and subscriptions are also rapidly dwindling.

EDINBURGH, May 21.

A bomb exploded in the west dome of the Royal Observatory here at half past one this morning. The astronomical instruments were badly damaged, but the building itself escaped serious damage. The bomb consisted of an earthenware vessel filled with gunpowder. The militant suffragettes are suspected by the authorities as the perpetrators of the outrage.

Drawn Into Bread Mixer.

Boston, May 15.—The prompt action of George Karpollus, a fellow workman, saved Stephen Saraghtals a baker living at 21 Richmond Street, North End, from death in a mechanical bread mixer in the bakery of the American-Greek Baking Co., at 132 Commercial Street, yesterday morning.

Saraghtals' arm was caught in the mixer and he was drawn into it screaming with fright. The big slab were slowly pounding out his life when Karpollus sprang to the electric switch and turned off the current. Saraghtals was taken unconscious to the relief station. His body is covered with bruises and contusions, but it is said he will recover.

SNOWING AND COLD.—Yesterday for a while it snowed on the Topsails and also last night. The past week it has been intensely cold right across country, and in some cases pools of water have frozen.

Supreme Court.

PRISONER CONVICTED.

The case of the Crown against Joseph Corbett, charged with carnal knowledge of a girl under sixteen years of age, was continued last night in the Supreme Court before Chief Justice Horwood, until ten o'clock when the prisoner was sentenced to two years with hard labour in H. M. Penitentiary, the period to commence from the day of his commitment.

At 2.30 p.m. Constable W. Greene, a Crown witness, was sworn and examined. Joseph Corbett, Mary Corbett, Josephine Conway, Bridget Gueh and Stephen Corbett, witnesses for the defence, were then sworn and examined. Mr. Squires, counsel for the prisoner, made an able address to the jury. Mr. Higgins then addressed the jury. After being charged by the Chief Justice the jury retired and brought in a verdict of guilty through their foreman, Mr. J. Hirst. On being asked if he had anything to say for himself, the prisoner replied "No." His Lordship then sentenced the prisoner to two years with hard labor.

Fell Dead During Burial Services.

The funeral of the late Mr. Edward J. Morgan took place yesterday afternoon and before the remains were consigned to mother earth one of the chief mourners at the obsequies, Mr. Henry Hiseock, took suddenly ill and died. It was during the burial service conducted by Rev. Mr. Clayton, in the Mortuary Chapel at the Church of England Cemetery, that Mr. Hiseock was seized with spasms of the heart. He fell into the arms of Mr. Thomas Vavasour, who with Undertaker Carnell, took him outside but the heart of the victim was ceasing to beat and inside of three minutes he expired. When Dr. Anderson who was summoned arrived his services were of no avail and he pronounced death to be due to heart trouble. Mr. Henry Hiseock was 72 years of age, quiet and unostentatious, an estimable citizen and well known and esteemed in the community. Deceased who was a brother of Mr. Arthur Hiseock, of the Robinson Export Company, was a native of Trinity, and a cooper by trade. For about three years he was Keeper of the Government Oil Stores. Deceased was a prominent member of a number of societies. Four daughters and three sons survive to whom and to other relatives and friends general and sincere sympathy will be expressed in which the Telegram joins.

A sad feature regarding Mr. Hiseock's sudden passing is the fact that he was attending the funeral of his daughter's father-in-law—the late Mr. Morgan.

Have Been an Untold Benefit.

NEW BRUNSWICK WOMAN PRaises DODD'S KIDNEY PILLS.

She Suffered for Four Years, and the Doctor Could Not Help Her, But Dodd's Kidney Pills Gave Her a New Lease of Life.

Porton, Carleton Co., N.B., May 2.—(Special).—"I find Dodd's Kidney Pills the best kidney medicine I have ever used. They have been of untold benefit to me."

The speaker is Mrs. John S. Dickinson, of this place. She is enthusiastic in her praises of the Great Canadian Kidney remedy, and not without reason.

"I suffered from kidney trouble that started in a cold," she continues. "And for four years I was never free of it. I was treated by a doctor, but he did not seem to be able to do me much good."

"I had rheumatism and neuralgia, and my joints were stiff; my muscles cramped, and I was always tired and nervous. I perspired freely with the slightest exertion. I was depressed and low spirited, my limbs swelled, and I had a dragging sensation across the loins."

"Nine boxes of Dodd's Kidney Pills made a new woman of me." Are not Mrs. Dickinson's symptoms those of any run-down worn-out woman? They are also the symptoms of kidney disease. Dodd's Kidney Pills give new life to run-down women by curing their kidneys.

The S. S. Lintrose, Capt. Spracklin, arrived here from Sydney at 4.50 p.m. yesterday after a run of 27 hours during which she had fine weather. She brought considerable freight and will be docked likely to-morrow after the Kastala comes off, to be overhauled for necessary repairs and to be painted and cleaned up.
