WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my breast would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which had not been for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass.

Slight Fire.

At 5.45 a.m. to-day the Central and Western fire brigade responded to an alarm at the junction of Prince's and New Gower Streets, where a slight fire had broken out in the home of William Masters. On reaching the scene their services were not required as the fire, which was only slight, had been extinguished by the occupants of the house.

Diana Reported.

The s.s. Diana, Capt. Burgess, reached Assizes Harbor yesterday, coming south, after an exceptionally long voyage north. Capt. Burgess reported by wireless that the weather has been terrific for the past two weeks, there being strong winds and heavy seas, accompanied by blinding snow and sleet. Capt. Burgess reported for forty passengers, including the Marconi operators, who are the last to leave the coast.

DIVER EXAMINES NOVELTY. — Diver Taylor went down yesterday and examined the schooner Novelty. It is not known yet if the vessel will have to go on dock for repairs.

FISHERY ON FRENCH SHORE. — A good deal of codfish has been taken lately in trawls at Round Harbor and Shoe Cove on the French Shore. Fishermen are prevented from reaching the grounds daily owing to bad weather. Fish, however, are reported to be very plentiful in deep water.
