### Price of Milk.

Editor Evening Telegram.

Dear Sir,—Evidently, the farmers, realizing that the end of the war is in sight and that when it does terminate they will have no excuse for enhancing their already exorbitant price, have decided to "make hay while the sun shines," by increasing the price of milk to 80 cents per gallon. I fail to see any justification whatever for such an increase as 25 per cent, though it might be true that imported feeds are now 100 per cent. higher than those obtaining in pre-war days. As everybody is thoroughly aware, the upkeep of cows during about six months of the year costs but little, if anything, yet notwithstanding this, no reduction in price is recorded during the summer months, and even if the price in winter, therefore, necessarily was 80 cents, less than half this price would suffice to give the farmer a fair profit from May to November, and therefore, an average of 60 cents per gallon during the entire year would probably be more than the farmers are justified in demanding.

Before the war these people were willing to dispose of potatoes, turnips and milk at \$2.00, 80 cents, 25 cents and about 40 cents respectively, but now, unless they receive \$5.00, \$4.00, \$1.20 and 80 cents respectively for them, they seem to imagine that the purchasers are "doing them in." But if people who must purchase these products, would strenuously object to paying such exorbitant prices, and would "come down with both feet," the farmers would be compelled to reduce their prices. Profiteering is partly due to the people themselves, for if they protested more than they do, they would obtain better treatment. When the farmers and others, however, are permitted to demand

such exorbitant prices they become more arrogant, and subsequently experiment with another little increase of 25 per cent, or so.

I respectfully request the Food Control Board to prohibit this increase, and consequently save the lives of many babies, whose parents will certainly not be able to purchase milk at 80 cents per gallon.

Yours truly,

Oct. 31, 1918. —B.P.

### Flash Disinfectant

Will kill the germs and prevent you from getting Spanish Influenza. Use freely in the homes, offices, stores and aboard ships.

We can supply the demand. An ounce of prevention is worth a pound of cure.

**J. B. ORR CO., LTD.**  
Oct. 29, 111 Importers.

### Why?

Editor Evening Telegram.

Dear Sir,—Seeing that "Spanish Flu" is on the increase in this (not too clean) city and its spread is caused through contact and by mixing with others who are attending or in the same buildings with patients; why are the Nurses allowed in private houses in the city from the General Hospital, especially those who are nursing the illness, or plague if you wish to call it?

Perhaps the attending Physician at the G. H. is not aware of this, still it is going on and is certainly not right.

I am, Sir, yours in earnest regarding this terrible disease.

Oct. 31, 1918. SPADIX.

**"I know exactly what is the matter with you, Jack. You have lost confidence."**

**"YOU were getting along fine until you had that nervous breakdown, but since then you have been worried and anxious."**

**"Now you have got discouraged and down-hearted, and it is no wonder you cannot make sales."**

**"The salesman must have lots of energy and vigor as well as confidence in himself and what he has to sell."**

**"But you cannot have confidence in anything so long as your nerves are weak and you spend the nights worrying instead of getting good, refreshing sleep."**

**"Take my advice, boy, and go straight to the drug store and get half a dozen boxes of Dr. Chase's Nerve Food. Then make up your mind that while you are using this you will get out into the fresh air all you can and forget to worry."**

**"Now, you may feel pessimistic after all the treatments you have been taking, but I know what I am talking about."**

**"My nerves were in a worse condition than yours ever were. I could scarcely get a wink of sleep, and did not care whether I got anything to eat or not."**

**"Besides, I got so irritable and down-hearted that nothing seemed to go right."**

**"The experience that I had enables me to sympathize with you now, and also to say that I am certain that Dr. Chase's Nerve Food will help you."**

**"It is entirely different to most medicines used for the nerves, because instead of merely stimulating the tired nerves to over-exertion, it nourishes them back to health and vigor."**

**"Now, Jack, you must give the Nerve Food a trial, and I know you will consider me your best friend for telling you about it."**

Here is an interesting letter from another business man who had a similar experience with Dr. Chase's Nerve Food:

Mr. W. J. Wilson, Grocer, Perth, Ont., writes: "In fitting up this building for a grocery business I worked very hard, and after putting in my stock I continued plugging away, good and hard; too. I commenced to feel myself going down—my weight went from 180 pounds down to 154 pounds. My appetite began to fail, and, of course, upon retiring I could not get a good night's rest. Sometimes after going to sleep my nerves would twitch, and I would wake up with a start, and then lie awake for hours. I remembered having used Dr. Chase's Nerve Food before, so I started in again, and took a good treatment, using about half a dozen boxes. I soon felt my appetite returning, I could sleep well, and commenced gaining in weight, until I felt like a new man. From the benefits I have received from the use of Dr. Chase's Nerve Food I cannot speak too highly of it."

Dr. Chase's Medicines are sold by all Druggists and Dealers in St. John's and the Outports. Wholesale quotations from **GERALD S. DOYLE**, Water St., St. John's, Sole Agent.

### CABLE NEWS.

NO THANKS TO WILLIAM.

AMSTERDAM, Oct. 30. The German people shall be the freest people in the world. This declaration was made by Emperor William in addressing the new State Secretary, October 21, according to a Berlin despatch, printed in the Rheinische Westfälische Zeitung, of Essen.

FURTHER NOTES FROM GERMANY.

WASHINGTON, D.C., Oct. 30. Another note from the German government reached Washington to-day. It supplements the last brief communication saying armistice terms were wanted by reciting in detail the government changes which have taken place in Germany as evidence that the Kaiser has been deprived of all power of making war and negotiating peace. This time the Germans do not send the information for the American government, apparently recognizing that the stage of personal appeals has passed with the transmission of their armistice pleas to the Allies. It reiterates that the actual power and responsibility of the Government has been transferred to the Reichstag and describes the progress of the constitutional change. The note probably will be forwarded immediately to Paris where the Supreme War Council already is reported to have formulated terms upon which the United States and the Allies might permit a cessation of hostilities.

As word of the new German move came it was learned that President Wilson was working to-day on a reply to the last note from Vienna in which the Austrian government accepted all principles and conditions of the President and asked for an armistice and peace proposals. The reply which probably will be public before night is expected to inform the authorities at Vienna that on the basis of acceptance of all conditions including actual independence and not mere autonomy for subject nationalities the request has been referred to the government with which the United States is associated. Although officials here regard the Austro-German situation as far from clarified and are inclined to question how far the government at Vienna now is qualified to speak for any one, the understanding is that they are to deal with on the theory that as in the case of the Germans' acceptance of an armistice terms amounting to surrender in the field will be the best guarantee of faithful performance of any promises.

Every Saturday evening after 7 o'clock, Choice Ends of Beef, Mutton, Lamb, Pork will be sold at cost. **ELLIS & CO., LTD.**, 203 Water Street.—Nov. 23.
