J. CARTER arrived early on Tuesday morning with a supply of meat, and is now carrying on business in Dutton. He has engaged Wm. Griffin to go with the peddling wagon. See his ad. in another column.

We will not be able to give the report of the entrance examinations until next issue, as all the papers have not yet been examined. If any want extra copies of the ENTERPRISE containing the report please let us know before next Tuesday.

THE Scientific American has just entered on its LIX Volume. We believe it is the best scientific paper published, every week giving illustrations and descriptions of new inventions. The first page of the last number was taken up with illustrations of the construction of the New York aqueduct.

A NUMBER of the members and congregation met at the residence of Rev. W. Grant last Friday evening. The rev. gentleman was agreeably surprised in two ways, i.e., by their presence and a well-filled purse. The party enjoyed themselves and returned home at a seasonable hour.

JOHN C. MCINTYRE, who has been in bad health for a year or more, died Thursday afternoon, and was buried at Black's cemetery on Saturday, a very large concourse of sorrowing friends following his remains to the grave. He was very highly respected, a man of sterling worth, a warm friend and an estimable citizen. Few men in this township were so highly respected. He leaves two daughters, aged six and eight years; his wife died six years ago.

LOST TWO FINGERS.—The Wallace-town correspondent of the Journal writes: A serious and painful accident happened to Mr. Jacob Moss, of this village, yesterday. He was working in the mills of Schlehauf Bros., running the edging saw, when a board slipped throwing his left hand on the saw, cutting it badly. He was taken to the office of Dr. Ling, who found it necessary to amputate his middle and little fingers, binding the others up with the hope of saving them. The accident is the more painful from the fact that he has scarcely recovered from the severe accident which befell him in the latter part of last winter, by having his foot broken to pieces by a saw log falling on it. He had so far recovered from the first accident as to get married on July 4th to Miss Gaydon, of Port Talbot. The ceremony was performed by Rev. Mr. Chance, of St. Peter's church, Tyrconnell.

TRY Urbin Bros. for hardware, paints and oils.

ANDREW LIDDELL, of Iona, has withdrawn the charge of malicious damage to property, by pelting his house with eggs, against Luke Page, Robert Morris, J. and D. McCallum and B. McGaffrey.

A UNION picnic of the Dutton Sabbath schools is to be held on Tuesday next. We are not yet aware where they purpose holding it, but are of the impression that Port Talbot is the chosen spot.

THERE is a good chance for some active and trusty men to secure paying work at once by engaging with J. E. Whitney, Nurseryman, Rochester, N.Y., to sell his warranted nursery stock. He furnishes outfit free and the work is steady. No experience required.

MR. JOHN HOSKINS, of Rodney, died Sunday morning, from injuries he received last Tuesday morning. He fell down an open stairway, which was without any railing, while in the act of getting up for a drink of water. He leaves a wife and five children to mourn their loss.

We have the best machine oils that can be got.—URLIN BROS.

FIRE AT WEST LORNE.—On Saturday afternoon the grain warehouse at West Lorne, owned by J. C. Schlehauf, took fire and was completely destroyed, together with the M. C. R. cattle pen and 400 feet of lumber. A family were living in the warehouse, and it is supposed the fire started from a defective stovepipe.

KILLED IN MONTANA.—Mrs. B. F. Honsinger Saturday evening received a telegram from Missoula, Montana, conveying intelligence of a sad and fatal accident which happened to her brother, Alfred Urbin. The unfortunate young man who is well known in this city, and is a brother to Messrs. A. D. Urbin, of Wallacetown, and Will Urbin, of Dutton, was a passenger on a train on the Northern Pacific, which was derailed near Missoula, and he and another passenger, a lady member of a theatrical company, were buried beneath the overturned coach and received severe internal injuries. They were taken to the hospital at Missoula, and when the telegram was sent by Mr. Urbin's wife the doctors had no hopes of the recovery of either of the injured.—Monday's Times.

THE Salvation Army had a big time on Monday at their bazaar and jubilee. Two or three arrived on Saturday and a large number from various quarters on Monday. They marched through Main street at six, and then repaired to the barracks for tea which was served between six and 8 o'clock, and partaken of by a large number. After tea the audience repaired to the skating rink where speaking and singing were indulged in. The rules and regulations of the army were read, and a number who have lately made a profession joined their ranks. They again returned to the barracks and had another feast and then a few hours of prayer which lasted until the early hours of the morning. Since the Army came to Dutton much good has apparently been done which, it is to be hoped, will be lasting.

THE Dutton correspondent of the Journal must have very bad ailments. His article, dated the 7th, appeared in Tuesday's paper stating that "Owing to a foolish paragraph a local newspaper, stating without any authority for doing so, that a fee would be charged all presenting themselves for entrance examination, the number writing here was very much less than at former examinations." In stating that we did so without any authority, we say that the manufacture of the falsehood, not us, and we will not gratify him enough to state from what source we got our information; although when we made the correction promptly and we believe the examination was not affected in the least. The scribe takes up our correction to fight a battle against the wind. We suppose he thinks he is firing from behind the screens. If the scribe of misery will call upon one of our local doctors he can get a dose of physic. We suppose this will call forth the scribe again, but we do not purpose going into any debate, considering it only our duty to state the case in its true light.

SURPRISE AND PRESENTATION.
J. Short, who has so efficiently taught in our High School for the past year, was waited on at his boarding-house on Friday evening by the other teachers and scholars who presented him with a writing case and the following address:—

JAMES SHORT, ESQ., B.A.:
DEAR TEACHER.—We, the pupils of Dutton High School, desire on this occasion of your departure to offer an expression of our gratitude to you for the innumerable acts of kindness you have shown us during the time you have acted as our teacher and friend. We also desire to convey our sincere thanks for the constant zeal and interest you have ever manifested in our intellectual advancement, and we further wish to express our unqualified regret at your separation from us, yet, while we feel that not only ourselves but this

school sustains a very great loss in your departure, we rejoice in the knowledge that your future success is assured in whatever sphere of action you choose to engage. In conclusion we respectfully ask you to accept of this writing case and album as a slight memento of our esteem and regard, yet think not that our feelings can find expression in gifts. We trust, however, that in future years this slight token may assure you that you are still held dear in our memory.

Signed on behalf of the scholars,
Mr. Short was completely taken by surprise, and it was some time before he could respond. He thanked the pupils for the handsome presents and for the kindness they had shown to him since coming among them. Speeches were made by Messrs. Rothwell, Suffel, and Logan. Mr. Short leaves this week much to the regret of the school, for fields unknown at present.

S. S. No. 10, Dunwich, is to be congratulated on great success which attended its picnic held on the 29th ult. in the beautiful woods of Mr. Peter McPherson, near Campbellton. Although the day before was so unfavorable the people came from all directions until the woods were full and the mosquitoes had to beat a hasty retreat. The games tables were set, and fairly ground under the delicacies that came from the north, south, east and west. They were a credit to the ladies of the section. Mr. A. McRae, of Glenora, had a booth on the grounds, and furnished ice cream, candies and thin drinks of all descriptions. After all had done ample justice to the inner man, Mr. D. K. McPherson ascended the platform as chairman, and dispensed with an interesting as well as entertaining programme. The 26th Battalion Band, of Glenora, were engaged for the day. Mr. McMillan, of Dutton, delivered the proceedings with several selections on the bagpipes. Speeches were delivered by our worthy chairman, Dr. Dobie, late of Toronto; Dr. Ruthven, of Wallacetown; Mr. A. McLean, of Glenora; Mr. Forbes and Mr. James Beatty. Recitations by Masters Buchanan, McEachren, Crawford, McCallum, Hood and Kerr. Music was furnished by Mr. Gordon, Mr. A. McMillan, Misses Hood, Miss Sealey, and the choir of the school. After the programme was ended the young people finished the day by swinging and other amusements. All then returned to their respective homes fully satisfied with the day's enjoyment, but feeling that one of the happiest afternoons of their lives was numbered with the past.
