STOCK MARKETS. H. C. Becher, broker, Bank of Com-merce building, received the following by private wire from Bartlett, Frazier & Carrington Carrington today:

New York, July 7-Noon.—Trading has been somewhat erratic in the stock market today, but on the whole it has held relatively well, and resisted drives against prices better than might have been somewhat errors.

Stirling. Ont., July 6.—At the cheese board today 1,115 boxes were boarded. Sales: McGrath, 350 at 7%c; Hodgson, 450 at 7%c; Brenton, 100 at 7%c.

prices better than might have been ex-pected after such a lengthy advance. There was a heavy volume of profit-taking immediately after the opening which served to check the upward tendency manifest in the first prices. There was selling in various quarters, which did not represent anything but the bearish atti-tude of traders. The subsequent trading was slightly mixed. Before the end of the first hour the marke developed a little strength and is now firm and fairly active. Steel, preferred, has been active and strong. Amalgamated Copper, pre-ferred, and Brooklyn Rapid Transit acted well in the first hour. Atchison has been strong and there has been a liberal tip on both Atchison and Reading. The market at the present time looks as if it might do better during the afternoon. Sales to noon, 308,800 shares.

### MASTER DISOWNS VICIOUS DOG WORK DELAYED

Canine's Misbehavior-"Freshie" Fined \$8.

There was an odd mixture of police court cases this morning. Two young ladies were the complainants in one unusual charge. A Toronto man was chargrespectable man. It was alleged that last evening he had accosted Miss Jennie Turner and Miss Florence Clark, two attractive-looking young women, and had frightened them so that they had run, one of them falling and hurting herself. The man put up the defense that it was a case of mistaken identity, but as his right, and as both the women positively identified him, the magistrate fined him

Toronto, July 6. — Baled Hay — The market is quiet but fairly steady at \$5 50 to \$9 per ton for car lots on the track here are quoted unchanged at \$5 to \$5 per ton.

Was that the defendant denied the owner-ship of the dog. He denied it very strenuous, and his argument was most amusing. As he was very assertive about the dog would not have bitten the complainant had that gentleman not been riding on the sidewalk, the magistrate came to the conclusion. the conclusion that Mr. Baldwin was pretty well acquainted with the dog, and ought to be able to destroy it. The case was, therefore, postponed for a week, in which time Mr. Baldwin must produce the dog at the relief

Will Secure the Principalship of Simcee School.

Much speculation is still being indulged in as to who will be appointed to the vacant principalship of Simcot street school. The salary of \$1,400, Which was paid to the late Robert M. Graham, is more or less of an inducement to several of the principals of the city schools, but it is understood that the new principal, whoever he may be, will not receive over \$1,200, principal of the Normal Training School. Each of the principals resceives \$1,000 a year, but the late head of the Simcoe street school, was recognized as a teacher of exceptional ability, and no one objected to his receiving the extra \$200. It seems that when the Model School was removed from Simcoe street shool, took its place, the board did not feel justified in cutting Mr. Graham's salary, because of the leaving of the Model School, and he was given another some street shool, and he was given another some series \$1.000 a year, but the late head of the principals rescaled in the morning in special cars, and series of the order from St. Thomas.
