STOCK MARKETS.

H. C. Becker, stock broker, Bank of
Commerce building, reported the follow-
ing: New York, Oct. 12.—Close. The market
opened with a fairly strong tone in
response to the higher closing in
London, which center was a large pur-
chaser of Atchafalca. Active trading was
confined to about half a dozen stocks, the
leading issues, of which Union Pacific
showed exceptional strength. There
has been evidence of quiet, but steady,
action of this stock for some time past,
and the appearance of Messrs. W. G.
Rockefeller and H. C. Frick on the
board of this company is regarded as
a bull argument. The industrial
group showed a broadening tendency
under the lead of the low-priced
issues, and the traders were conspicuous
buyers. Sentiment, while conservatively
bullish, rather than speculative, and
issues and much larger prices are pre-
dicted for this class of securities. Call
money rates remain unchanged.
Loans today being made at 2 per cent.
