At the meeting of the finance committee of the city council last night, the question of a two-way service on be used as soon as possible. Ridout street was brought up by a communication from City Engineer Graydon, suggesting that the change be made. It was decided to lay the matter over until further information was received on the subject. The aldermen did not think it wise to interfere with the present arrangement until more acfinite information was secured.

"I should think there would be a petition from the citizens in that district asking for the change, if it is absolutely necessary," said Ald. Rich-"There have been few requests for the change. I should think the company would make the change if it would produce more revenue. We meeting."

This was done. City Treasurer Bell was instructed to call for tenders for the sale of debentures.
