AN ENTHUSIASTIC POLITICAL MEETING

Large Crowd to Hear the Leader of the Opposition Speak

TRIUMPHANT MEETING

A largely attended meeting was held in the Opera House on Monday night, when Mr. A. B. Copp, the leader of the opposition, announced the platform of the Liberal party for the approaching elections.

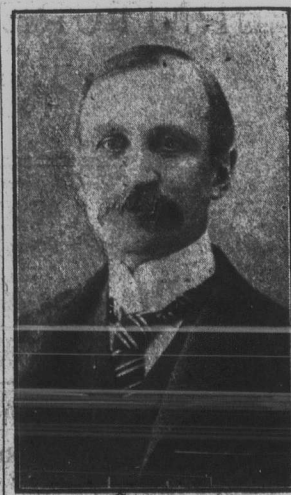

Mr. A. T. LeBlanc occupied the chair, and was supported by James Reid, M. P., Hon. C. H. LaBillois, A. E. G. McKeuzie, J. S. Bassett, John Kerr, P. J. Veniot, Dr. L. G. Pinsuit, Geo. Vermette and others. Mr. LeBlanc, in a brief speech, stated the objects of the meeting, and said that the Liberals had made a good choice in their candidates, and introduced Mr. A. E. G. McKeuzie, one of the candidates.

Mr. McKeuzie early caught his audience and in a happy speech made a plea for the young man's ticket. He very briefly outlined the lines of the Liberal party's programme and prophesied the defeat of the government by the fact of their misdeeds towards the town of Campbellton, and the County of Restigouche.

A. B. COPP, M. P. P.
Leader of the Opposition

Hon. C. H. LaBillois was the next speaker and said that he wished to be brief, to give time to Mr. Copp, who would be expounding his platform. He paid a high compliment to Mr. James Reid, for his work towards Campbellton and the County. He said that in thirty years he had made mistakes, but with it all could say that he always stood on the side of progress. He refuted the charges made by the Hon. John Morrissey, for his squandering the public money. Mr. LaBillois claimed that in every department the government had been throwing away their chances of doing good, and the people of the Province now desire a change.

Mr. A. B. Copp, who was received with applause, early put his audience in good humor and in telling language laid his program before the electors with plain open facts. He complimented the town of Campbellton on its progress and recognized that Campbellton was a town with a future.

In his speech of one and one half hours' duration, he dealt with the platform which the Fleming government placed before the people in 1908, showing that the promises made to the people at that time were never intended to be carried out. Mr. Copp told a little story of a lady that was travelling from Halifax to Montreal and insisted on standing on the platform. The conductor in a quiet way, told her to take her seat in the car, but all to no purpose. Latterly, he insisted on the lady leaving the platform, which made her very angry, and so demanded to know what the platform was for, was it not to stand on? "No, Madam," replied the conductor, "the platform is to get in on, not to stand on." This has been the idea of the Fleming government as far as their platform of 1908 was concerned. Mr. Copp then dealt with acts of the government in the collection of stumpage, the territorial revenue, and the audit act, and scored the government for the policy pursued in the expenditure at public works. One point that was very welcome to the Liberals of Restigouche, was the fact that when the late Liberal government subsidised the I. N. R. to the extent of \$8,000.00 per mile, the Tories held up their hands in holy horror, but these same Tories considered that the small sum of \$2,500.00 per mile for the Valley Road was right and just. The average person can work that out for himself. Mr. Copp announced that if returned to power, he would pledge himself that all public works would be done by public tender, and the lowest tender would receive the work, even if the "Frederick Gleamer was cheapest for public printing." He spoke of

Councillor Miller stated in the

of the wasteful policy of the present administration with regard to the crown lands, showing that the re-survey promised by the Fleming government had never been carried out and no provision had been made for re-afforestation for the protection of crown lands which were a great national asset. He stood prepared to take up the risk of providing the farmers and laboring men with all the assistance that they should require, and would be always prepared to show all his records at all times.

He asked their support and said that if he were returned to power he would be ready to do all for the benefit of the farmers and the laboring classes and would stand to be judged on his record.

The leader of the opposition was repeatedly cheered by an enthusiastic audience and was given a splendid hearing.

Three cheers were given for the candidates, the liberal party and the King, by triumphant voices and the meeting closed.
