Spelling By Sound

The simplified spelling board of the United States has had another session and recommends a change in the orthography of some one thousand words, the phonetic method to be adopted. No one can doubt the educational object which the reformers have in view, but their work if extended and gradually adopted will result in another confusion in the polyglot language of the English race.

It is really too bad that the orthography of the language is so complex that a large proportion of the time of the average boy or girl at school is of necessity devoted to the study of spelling, and it is a matter for further regret that there are so few, comparatively speaking, who acquire proficiency in the art. Yet no effective remedy has ever been suggested. Phonetic spelling, while it might lessen the difficulty in one department, would more than double it in others.

The English language abounds in dialects. Let spelling by sound become general and we would soon have as many different forms of written language as there are varieties of pronunciations, and what was written by one class would be as Greek to another. Besides this the literature of the present day would become as unintelligible to the masses as the books printed in the old English period. No one could read them without at least some degree of special training.

Ex-President Roosevelt is an enthusiastic advocate of spelling reform. When he was in the White House he attempted to introduce simplified spelling into the state documents and records but the members of congress promptly sat down on the proposition. Spelling reform like everything else designed in the interests of human progress, meets with serious opposition at the outset, but unfortunately for the hopes of the promoters the points against it appear to be well taken.

Angora Goats

During the past few months the Live Stock Branch of the Dominion Department of Agriculture has been in receipt of numerous inquiries as to where it might be possible to purchase either Angora or Milch Goats. It would appear that in many parts of the Dominion the demand for these useful and profitable animals is rapidly developing and that those who at present have any surplus stock can find a ready sale for them if a channel of communication between supply and demand is established. Accordingly as a means of starting a convenient Directory of Canadian Breeders of Angora Goats and Milch Goats, the Live Stock Commissioner will be pleased to receive from such breeders information regarding their respective flocks covering the following points:—

1. Kind and number of goats kept.
2. Usual number, for sale each year.
3. Approximately the prices asked.
4. If possible a brief statement regarding expenses found necessary and the returns which may be expected by one engaging in raising this class of stock.

Communications supplying the above information should be addressed to the Live Stock Commissioner, Ottawa, Ont. Such letters do not require postage.

HOW CHRONIC COUGHS

Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cod's livers, aided by the blood-making and strength-giving properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you.

For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money to recover. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days; then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We will take your mere word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00. You can buy Rexall "93" Hair Tonic in this community only at our store:

A Smile or Two

In a book store window there was a sign, "Porter Wanted." Under it were some books and the legend, "Dickens' Works All This Week for \$4."

An Irishman came along, and, seeing the first sign, started into the store, then seeing the other, he said: "Dickens works all this week for \$4, does he? Well, let him; I'm a union man."

It was a beautiful evening, and Ole, who had screwed up courage to take Mary for a ride, was carried away by the magic of the night.

"Mary," he asked, "will you marry me?"

"Yes, Ole," she answered softly.

Ole lapsed into a silence that at last became painful to his fiancée.

"Ole," she said, desperately, "why don't you say something?"

"Ay tank," Ole replied, "They bane too much said already."

It was a dull, wet evening, and little Vera was in one of her worst and most inquisitive moods. Father, busily writing at his desk, had already reproved her several times for bothering him with useless questions. "I say, Pa, what—" "Oh, ask your mother." "Honest, Pa, this isn't a silly one this time." "All right, this once. What is it?" "Well, if the end of the earth was to come, and the world was destroyed while a man was up in an aeroplane, where would he land when he came down?"

A revival was being held at a small colored Baptist church in southern Georgia. At one of the meetings the evangelist, after an earnest but fruitless exhortation, requested all of the congregation who wanted their souls washed white as snow to stand up. One old darkey remained sitting. "Don't yo' want yo' soul washed white as snow, Brudder Jones?" "Mah soul done been washed white as snow, pahson." "Whah wuz yo' soul washed white as snow, Bruddah Jones?" "Over yander to de Methodist's chu'ch across de railroad." "Lawd God, Brudder Jones, yo' soul wa'n't washed—h't were dry-cleaned."

Dinner was a little late. A guest asked the hostess to play something.

Seating herself at the piano the hostess executed a Chopin nocturne with precision.

She finished and there was still an interval of waiting.

In the grim silence she turned to an old gentleman on her right and said:

"Would you like a sonata before dinner?"

He gave a start of surprise and pleasure.

"Why, yes, thanks," he said. "I had a couple on my way here, but I think I could stand another."

INTERNALLY AND EXTERNALLY IT IS GOOD.—The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has curative qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it on hand.

A certain real estate exchange doing business in this county, some years ago took a contract for the sale of a farm for a party near Kingsville. Several years elapsed and the man who concluded the contract had died of old age, so he sold the farm himself. Shortly thereafter the real estate firm put in an appearance with a demand for the commission. The man, contrary to the advice of his lawyers and to his own sense of justice, paid the amount claimed, being \$48.75.—Essex Free Press.

A Pittsburg thief, who stole a box of shoes from the front of a store, was so indignant when he found that the shoes were all for the left foot that he complained to the police that he was the victim of a fraud. He was locked up to think it over.
