

THE INFALLIBLE REMEDY IN

Holloway's Ointment.

ERYSIPELAS of eight years cured!
Copy of a Letter from Geo. Sinclair, Esq.,
of Paris, Canada, dated the 18th July,
1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in
bearing witness to the wonderful benefit I
have derived by the use of your infallible
Ointment and Pills. For eight years I
suffered unceasingly from attacks of erysip-
elas; large purple blotches came all over
my body; in addition to the unpleasant
feeling of itching and burning, which af-
fected me both night and day, rendering
it a misery to me, as well as to all around
—so severe was the attack. I used several
reputable remedies without deriving the least
benefit to my misery. At last I de-
termined to try your Ointment and Pills;
after taking them for a few weeks, a visible
improvement took place, and I felt consi-
derably better—in three months, by con-
tinuing with your medicines, I was com-
pletely cured, and now enjoy the best of
health. The truth of this statement is well
known here, hence there is no necessity
for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) GEO. SINCLAIR

LCERS in the Leg.—Remarkable Cure!
Copy of a Letter from Mr. Edward Tomkin-
son, of Cape Breton, Nova Scotia, dated
the 4th May, 1854.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson,
suffered for a great number of years from a
leg ulcer which had been several deep-
ly cut and old wounds, defying the skill
of some of the most eminent of the medical
faculty; a variety of remedies were also
used unsuccessfully; and it seemed to me
that there was not any thing capable of
mitigating the agonies she endured. At
length she had recourse to your Ointment
and Pills, and after using them for about five
weeks, she was completely cured, after all
other means had failed to afford her the
slightest relief. I have no objection to these
facts being published, if you feel disposed
to make them known.

I remain, Sir, your most obt. Servt.
(Signed) EDWARD TOMKINSON.

A BAD BREAST CURED WHEN AT
DEATH'S DOOR!!

Copy of a Letter from Mr. Henry Malden
of Three Rivers, Canada West, dated
July 9th, 1854.

To Professor Holloway.

Sir,—My wife suffered most severely after
the birth of our last child with a bad breast
there were several holes in it, one as large
as a hand; all the devices and stratagems I
tried would not heal them, but assumed an
aspect more frightful than before, and horri-
ble to behold. As a last resource I tried
your ointment and pills, which she per-
sisted with for seven weeks, at the expiration
of that time her breast was almost well; by
continuing with your remedies for two more
weeks, she was entirely cured, and we offer
you our united thanks for the cure effected.

I am, Sir, yours truly,
(Signed) HENRY MALDEN

AYER'S PILLS,

A NEW and singularly successful remedy for the

cure of all Bilious diseases, Congestion, Indi-

gestion, Jaundice, Dropsy, Rheumatism, Fever,

Gout, Humors, Nervousness, Irritability, Indigna-

tion, Headache, Pains in the Breast, Side, Back,

and Limbs, Female complaints, &c. &c. Indeed,

very few are the diseases in which a Purgative Medi-

cine is required, and even in those cases where it is

needed, it can be so administered as to be a harm-

less and effectual Cathartic were more freely used.

No person can feel well while a costive habit of

body prevails; besides it soon generates serious and

often fatal diseases, which might have been avoided

by the timely and judicious use of a good purgative.

This is alike true of Colds, Feverish symptoms, and

Bilious derangements. They all tend to become or

produce a chronic dry costive and feverish disposition

which lead the humors all over the land. Hence

reliable family physic is of the first importance to

the public health, and this Pill has been prepared

with consummate skill to meet that demand. An

extensive trial of its virtues by Physicians, Profes-

sors, and Patients, has shown results surpassing

anything hitherto known of any medicine. Cures

have been effected beyond belief, were they not sub-

stantiated by persons of such exalted position and

character as to forbid the suspicion of fraud.

Among the eminent gentlemen to whom we are

allowed to refer for these facts, are

Prof. VALENTINE MORT, the distinguished Sur-

geon of New York City.

Doct. A. A. HARRIS, Practical Chemist of the

Port of Boston, and Geologist for the State of Mas-

sachusetts.

ISA. L. MOORE, M.D., an eminent Surgeon and

Physician, of the City of Lowell, who has long used

them in his extensive practice.

H. C. SORRELLS, Esq., one of the first mer-

chants in New York City.

C. A. DAVIS, M.D., Sup't and Surgeon of the

United States Marine Hospital, at Cherry Point, Mass.

THE CHEST.

Sir Astley Cooper, Bart.,

M. D.

THE KNIGHT-MEDICAL PRACTITIONER, HAS LEFT A

VALUABLE LEGACY TO THE WORLD IN HIS

GRAT PREVENTATIVE OF CONSUMPTION,

AND

PAVING THE WAY FOR TUBERCULAR DISEASES

WITHOUT THE USE OF MEDICINES

—A C. Part, invented and advised the use of the

MEDICATED FUR CHEST

PROTECTOR.

To all persons of all ages and conditions, as

a certain and a safe shield against those

feverish diseases, Consumption, Bronchitis,

Asthma, Coughs, Colds, and other afflic-

tions of the Lungs, which arise from the ex-

posed state of the chest, according to fashion,

and the continual changes of our climate.

The Protector is simply a chemically pre-

pared fur, lined with silk and padded, which,

suspended from the neck, covers the chest, in so

a agreeable manner, that, once worn, it becomes

a necessity and a comfort.

"The Protector," although but recently

introduced into America, is making rapid

progress through the United States, the

Canadas, St. John America, and the West

Indies. It has for a long time been a staple

article in England and on the Continent of

Europe, while it has grown in many coun-

tries to the position of an article of dress.

To demonstrate these facts enquire of any Eng-

lish resident in your vicinity of his knowledge of

the beneficial effects of wearing the Protector,

without recourse to the wearing of any kind. The

cost of wearing these articles is a mere trifle, and

one will last many years. No one who values the

health of himself or his family will be without

them. The Hospital in this country are not alone

recommending them, but rapidly introducing them.
