# European Entelligence.

ARRIVAL OF THE STRAMER AMERICA

HALIFAX, JUNE 18th The steamship America, which left Liver-pool, noon, on Saturday, 7th, arrived at Halifax at 9, a. m. yesterday, the 18th.— Atlantic arrived at Liverpool 20 minutes pasi 8, p. m. on Wednesday the 4th. Steam. er North America arrived at Liverpool, p. m. on Thursday, the 5th, from Quebec News relates mostly to American difficollies. The Atlantic's arrival was anxioasly awaited, as Mr. Grampton was expected to be on board, and considerable sen-sation of relief was felt when he was not

The London Morning Post, which has published several false reports recently respecting American affairs, caused excitement by the following editorial announcement— The Government of the United States has Mr. Crampion its desire that he would forthwith quit American territory. His Excellency has in consequence retired from his post, and arrived at Toronto, (Cana da.)" The Globe and other journals imme and arrived at Toronto. (Canadiately contradicted the statement, and said it was merely random statement made by passengers per Atlantic

In Parliament on the succeeding evening Delsraeli put the question direct to Lord Palmerston, who made shuffling reply to the effect that he understood so from indirect sources, but Mr. Crampion not having himself said so, he (Palmerston) has no state-ment to make. In the House of Lords Ear! Hardwicke put similar question, to which Earl Granville replied, that Government had no information on the subject.

Paris despatch states that the notes

LATEST.

The Morning Post's Paris Correspondent

The Government of the Emperor will I understand, continue to exercise its good offi should the two nations be found engaged in netual war, no doubt England may reckon on active alliance of France.

Sir E. B. Lytton would put the question to Minister on subject of importance namely with regard to relations with United States The House would remember that some time ago he had withdrawn a motion of which he had given notice, on the Central American question, because Government then stated hited States, and that they were in daily ex-

pectation of reply.

Since that period, however, great events had occurred. Proceedings of Gen. Walker in Nigaragua had been recognized by the Government of the United States, who had as a private citizen to the United States, hope for the purpose of observation, and there was by just accounts from America, every prospect of an invasion of Masquito territory on part of that Power of which Gen. Walker was leader and dictator, with the view of remember that this country was pledged to protect that territory from external invasion

for a reply.

With regard to the general tenor of the By telegraph for

Hoporable Baronet's observations, I quite Morning News, June 7th. Piedmont town, agree with him, that in the present state of things between the two Governments, it would be inexpedient if the opinion of the Government is to be expressed. I have no hesitation in saving that I call. hesitation in saying that I feel the interests of the country and the prospect of the per-

to its judgment by abstaining from throwing any possible difficulties in the way of the Government, by entering into a premature discussion of such questions. The questions are questions are questions. The questions are questions are questions are questions. The questions are questions are questions are questions. The questions are questions are questions are questions are questions. The questions are questions are questions are questions are questions. The questions are questions are questions are questions are questions are questions.

Whatever cause there may be for collision it is to be hoped that the good sense on both it is to be hoped that the good sense on both sides may prevent any unnecessary collision, but certainly any discussion in this House, which must be productive of a conflict of opinion, some being too much on one side, of President Pierce Cabinet do not oppose it some too much on one side, with sufficient energy. some too much upon the other, could not fail to be attended with injurious results.—

We cannot do better in conclusion than quote the words of our esteemed contempo-
