WITH THE

American Cream Separator

A CLEAN SKIMMER

Messrs. Richardson & Webster, Jarvis, Ont., July 26th, 1897.
GENTLEMEN,—In reply to your letter of the 22nd, I would say the American Cream Separator that I purchased from you last September has done all that you claimed for it. I went to Toronto fair last fall with the intention of buying a separator; after looking over the different makes, I concluded to try the "American," and it has given me entire satisfaction. I find it runs easy, is no trouble to keep in repair, and it is a clean skimmer. In my opinion it is the most perfect machine on the market.

They all have something of the same to say. Are you building a creamery? If so, get our prices for the complete outfit. We manufacture and handle churns, butter workers, engines and boilers, cream separators, and everything required for making butter or cheese.
