

BARNUM SAID

"You can fool all the people sometimes and some of the people all the time, but you can't fool all the people all the time." We have Barnum competitors that have been telling the public for some few years past that they have a perfect incubator, selling us of 100, 97 and 96 per cent hatches, and so on, and advising the public against buying any Yankee machine, as their machine could knock the spots off any Yankee machine ever invented. This was good twaddle until the only up-to-date hatcher (the Cyphers) made its bow. Now the scene is changed, now they go to work and discard those wonderful 100 per cent hatches, throw them overboard, no earthly use, buy a sample Cyphers machine, pull it to pieces, steal Cyphers ideas, and put right on their machines "patents pending," which they know is a direct falsehood. Truly our competitors are in a tight place when they have to resort to such bareface robbery. Putting a Cyphers machine together to look like a Cyphers does not make a Cyphers. You would not think of taking that Elgin movement watch of yours to a blacksmith to have him put it together and expect it to run well. Our competitors know no more about the workings of the Cyphers machine than the blacksmith in question. We are having lots of these machines offered us in part exchange for Cyphers machines. We have taken some and made kindling wood of them. The Cyphers Incubators have been on the market five years. It would be hard to find a second hand machine of that make for sale to-day. The cost of a genuine Cyphers machine is but two or three dollars more than the worthless imitations. If you buy a genuine Cyphers you will have an incubator that will hatch every fertile egg. You will not have to sit up nights to watch it for fear it should catch fire, as our competitors machines do. One case of fire has happened already, and had it been night the whole establishment would have gone up in smoke. The genuine Cyphers are absolutely fire proof and as safe as the best bank safe manufactured. **MORAL—Don't be Humbugged.** Buy a genuine Cyphers Incubator and if machines are not what we represent them to be return them and get your money back. None of our competitors dare make this offer. **C. J. DANIELS**, Sole Canadian Agent, Cyphers Incubator Co., 221 River St., Toronto.

Evans' Vegetable and Root Cutters

No. 5.

Price \$5

These machines meet a long felt want among poultrymen. They make possible the feeding of green and succulent food in the dead of winter when every spear of grass and green thing is killed by frost. They convert all kinds of roots into fine particles like angle worms that are greedily eaten by all fowls, big and little. The feeding of vegetables thus prepared doubles the egg product and saves fully 50 per cent. of the grain feed. It makes hens lay in winter when eggs are worth the most money. Endorsed by all the leading poultrymen of the country. Buy one and make money from your fowls this winter. Write for free circulars.

Read what Wm. McNeil, our Prince of poultrymen, says about Root Cutters: "Your No. 5 Root Cutter is the slickest machine I ever saw. Every poultryman needs one. I would not be without it if it cost double the price."

Can give you any size Bone Mill required. Hand or power mills at rock bottom prices.

Our Bone Mills are the best on the market.

We can give you a Bone Mill at \$10, equal to an \$18 or \$20 mill.

Feed Clover Meal

Clover Meal is a boon to the poultryman, and is endorsed by all who give it a trial. It is the ideal egg food—in the long winter months when eggs bring a good price to the poultry-keeper—and if it is fed in connection with the mixed feed it will, to a great extent, prevent hens from becoming over fat. All know that fat hens will not lay many eggs, and what few they do lay will not show a good per cent of fertile eggs, nor will the eggs hatch strong active chicks. Put up in 50 lb bags. \$2.00 per 100 lbs.
