### Fort William and Port Arthur.

From sere cal orresportant

This is the first time a batch of news , lets appeared in the Meri from the twinsister towns far away up at the head of the greatest body of fresh water under the face of the sun -Lake Superior.

think by this time I must be frozen up. as if I were up at the North Poles would kindly myste them to take a trip up here and when they get back cast they would exclaim. "It am t so cold up there yet." In fact we are having weather as if it was still October instead of chalty, bleaky November. It is, how ever colder up here in winter, but the attrosphere is drier here.

Your writer hardly expected to see any deaf mates up here, but such has not been the case. In the evening of Nov 15th, like a thunderbolt from the clear blue sky. Mr. Michael Noonan appeared in Fort William. Your writer at first wanted to know if it was simply his ghost. Mr Noonan had just come in on the express from the east, all the way from Perth He was with a party, and they stopped over night in Fort William, and left for Savanne, 72 miles west of Fort William, the next morning where they are engaged to work on the new Ontario and Ramy River Railway. It is needless to say that Mr. N. and your corn spoudent had a big talk, after not seeing each other for my and a half months. They expect to see each other agair Infore long

Mr James Flanagan, a deaf-mute from across the border, was in Fort William some time ago. He had been in Winnijeg and knew some of the mutes there. He had just come from Sayanne, where he had been employed on the O and R It R'v as watchman, and frequently leid to travel four miles during the night with telegraph messages. He had recently lost his left arm by jumping off e moving train in Grand Forks, North Dakota, and as he frequently got chilly at his left shoulder he left the railway camps. After remaining in Fort Wil ham a few days he left per S. S. United Empire for his home in Dubith

Mr. D. S. Luddy is still working in the Irady Journal office and gets satisfactory wages - He has been working on the new directory for Fort William, Port Arthur, Rat Portage and Thunder Bay District, and by it he has gained quite a good knowledge of the places out here is also printing several contracts for the UP R. At the time of writing he is working on the paper, owing to illness on the mechanical staff, and has to shing type like hot cakes. When his time expires, and it he does not get a job that souts have in either of the two towns. he intends to go up to Dryden to visit some relations there. His nucle, who was Post Master of that place and died two years ago was the first white either to be buried there. From Dryden he mis ids to go to Rat Portage and probably go on to Winnipeg. He doesn't expect to go to Britsh Columbia for some time vet

Mr. J. Middlemass, formerly sugmeer at your school, resides on Syndicate them and put the two. Fort William, at present and is employed by the C. P. R., but I don't Maggie was tired. mean he is now a tocomotive engineer. Illison is quite a lag man and is clerk in Dr. Hamilton's drug store on Victoria

There is a deaf mute in Port Arthur that bails from Montreal. He goes out with the track laying gang on the O. Sewing. She saw many sparrows flying

Fire and sword tre but slow engines of destruction in comparison with the bashler. Steele.

sharp in its practice and dull in every other. Sir P. Sidney

One day little Mary heard her father talking the Swedish language to his gardener She hurned into the house. On the 19th ult. Mr. N. McGillivray, crying, "O manima, come quick! Some chased her. She ran under the his in company with Mr. O Rourke, paid a lithing ails paper. He can't talk straight!" The birds all scoided and flew away,

### Lulu's Housekeeping.

Lulu was ten years old on Monday. Herpepen ideadollhousefather. Her mamma bought many toys for her . She worked every day in her play house. On Monday she washed all her dolls' clothes. She had six dolls. She put her tub on her little bench. She carried the tea kettle to the tub and poured werm i water into it. She put the white clothes into the tub of water. She rubbed soap on them. She rabbed the clothes on her wash board and wrung them. Then she put cold water into a tub and rinsed the Perhaps many of my friends down cast | clothes in the cole water. She wring them with a small clothes wringer. She poured out the dirty water and put clean into her tub. She put a little blue ing into the water, and rmsed the clothes again. She wrung them again. and put them into a small clothes basket. She carried it out doors. She tied a clothes line to two trees, and hung the clothes on the line to dry. The wind and sun dried them. In the evening she took them all down and put them into the clothes basket ugain. She carried them into the house. She put the clothes pms into a little bag and hung it on a nail. Lulu got a cup of cold water and sprinkled the clothes. She folded and rolled them up and put them into tho broket and covered them up

### \_ .<u>..</u> -A Saucy Ram

A famer had some sheep and a ram. The ram hadlong horns. He was a large animal. He was very cross. One day a little girl went into the field where the sheep were. The rain ran at her. He butted her with his head and knocked her down, then he jumped over her-All the sheep ran and jumped over her. The little girl cried. The farmer came and drove away the sheep. One even ing the farmer called all the sheep to the barn yard. He wanted to give them some turmps and salt. The sheep like sait and turnies. The man stooped over to pick up some turmps. The old rain ran at him and butted him over. The farmer was very angry. He caught the saucy rain and tied him in the barn.

### Maggle's Washing.

Maggie has a doll. She is fond of her doll. Her sister Mary made clothes for the doll. The clothes became dirty. Maggie wanted to wash them. She put a basin of water on a chair. Her mother puned up her dress and gave her a pieco of soap. Maggie took all the clothes off her doll. She put them into the water. She rubbed soap on them. She washed them. She wrong them. She tied a string from a tree to the fence. She hung the doll's clothes on the string. The sun dried them. Maggie shook them and put them on the doll again, She did not iron the clothes 1 think

### The Cut and the Sparrows,

and R. R. R. during the week. D S L around. She watched them. They tien down to the ground. An old grey eat crept up to them. The sparrows saw the cat and flow up into a tree. Tho cat climbed up the tree and lay down on one Every base occupation makes one of the branches. When the birds flew up into the tree again the old cat tried to eatch them but they flow at her and pecked her with their sharp bills. Sho jumped out of the tree and the sparrows chased her. She ran under the barn,
