

"Juggernaut" is not such an inappropriate title for the trolley car after all. In India the benighted heathen in the dark days of the past deliberately cast themselves beneath the ponderous wheels. Here in the full light of the nineteenth century, and in Christian Canada, the same thing is done. There is, however, this marked difference in the impelling causes in India the sacrifice was due to religious fanaticism; here it is the result of fool-hardiness. —Toronto News.

ALONZO W. SPOONER, ESQ.,
Port Hope, Ont.

DEAR SIR: I am pleased to say that after nearly three years' constant use day and night, on our largest engine, your Copperine has stood its work well. I have not had to renew any of the heavy bearings yet, so I consider that speaks for itself. I am pleased to recommend it to any one in need of metal to stand heavy work.

I am, yours truly,

J. C. FERGUSON,
Chief Engineer Toronto Water Works.
