A BRIDE'S CONFESSION

"Yes, dear, I am mar-
ried, now, and George
and I are keeping house
in the loveliest flat on
64th St. Well, yes, we
did get married some-
what suddenly. My
health, you know, had
for some time been very
delicate, and Dr. Heavy-
foot told mamma that he
feared I would follow
poor dear sister Belle,
who died three years ago
from a wasting disease.
Dear George was almost
crazy when mamma told him what the doctor said, and
I nearly cried my eyes out, but one day I overheard that
"hateful Nelly Parker" say to her mother, "I think that
George Blauvelt is just too lovely for anything, and
when the girl he's engaged to dies, and they say she is
dying of a galloping consumption, I'm going to step in-
to her shoes and become Mrs. George Blauvelt."
Just you wait and see. The spirit is the spirit of George
seemed to be almost resigned to the idea that we should
never be married, and the thought that that deceitful
busy might get him after all nearly drove me crazy.
One day I read the testimonial of Lawyers Howe and
Hummel as to the wonderful invigorating effect of
DR. CAMPBELL'S ARSENIC WAFERS, and I resolved
to try what they would do for me. I commenced their
use on the 4th of July. George had just called for
Europe on business for his firm. On Sept. 18 he returned.
I was, from the use of the Wafers, by that time again a
well woman, and so enraptured was he with my healthy
and robust appearance that he insisted we get married
the very next day. I could not say him nay, and, as
you will see by my card, I am now Mrs. George Blau-
velt. Do call soon and let me introduce George to you;
I am sure you will like him, he is so handsome, and as
good as he is handsome. Good-by; be sure not to for-
get."

THE DEY OF ALGIERS!

THE SHAH OF PERSIA and the SULTANS of TURKEY
and MOROCCO now FATTEN and BEAUTIFY their
complexions exclusively on DR. CAMPBELL'S ARSENIC
COMPLEXION WAFERS. So great is the demand for
these marvellous Wafers that their manufacture is con-
tinued day and night.
"The Shah found his harem in a state of disorder on
his return to Persia."—N. Y. World, Oct. 12, 1889. Reason—
Their supply of CAMPBELL'S WAFERS was exhausted!
ILLUSTRATIVE of the desirability of a certain
amount of Plumage, rumour has it that the above dis-
tinguished Oriental Potentates make it a practice to
wear it on their heads regularly once a month, in order
to rank and imperial favour being accorded to the wife
possessed of the greatest number of pounds avoirdupois.

action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

CATARRH.
A New Home Treatment for the Cure of
Catarrh, Catarrhal Deafness, and
Hay Fever.

The microscope has proved that these dis-
eases are contagious, and that they are due to
the presence of living parasites in the lining
membrane of the upper air passages and eus-
tachian tubes. The eminent scientists—Tyn-
dall, Huxley and Beale—endorse this, and
these authorities cannot be disputed. The
regular method of treating these diseases is to
apply an irritant remedy weekly and even
daily, thus keeping the delicate membrane in
a constant state of irritation, accompanied by
violent sneezing, allowing it no chance to heal
and as a natural consequence of such treat-
ment not one permanent cure has ever been
recorded. It is an absolute fact that these dis-
eases cannot be cured by an application made
oftener than once in two weeks, for the mem-
brane must get a chance to heal before any ap-
plication is repeated. It is now seven years
since Mr. Dixon discovered the parasite in
catarrh and formulated his new treatment,
and since then his remedy has become a house-
hold word in every country where the English
language is spoken. Cures effected by him
seven years ago are cures still, there having
been no return of the disease. So high are
these remedies valued, and so great is the de-
mand for them, that ignorant imitators have
started up everywhere, pretending to destroy
a parasite of which they know nothing—by
remedies the results of the application of which
they are equally ignorant. Mr. Dixon's remedy
is applied only once in two weeks, and from
one to three applications effect a permanent
cure in the most aggravated cases. N.B.—For
catarrhal troubles peculiar to females this reme-
dy is a specific. Mr. Dixon sends a pamphlet
describing his new treatment on the receipt of
ten cents in stamps. The address is A. H.
Dixon & Son, 303 King Street West, Toronto,
Canada.—Scientific American.

fully read the above.

Household Hints.

CHICKEN PIE.—Make the pastry as
before, and cover the top and line the
sides of the dish of which it is to be
baked. Prepare the chicken as for a
fricassee and fill the dish. Make many
perforations through the crust to allow
the escape of gas which forms rapidly
while the baking is in process. When
taken from the oven, if eaten at once,
there is less danger of injurious effects.
The chicken when cooked should be
set to cool slowly to prevent fermenta-
tion.

Mrs. Joseph Baker, of Johnson, Vt.,
was greatly afflicted with phthisis for
twenty years, and was pronounced by
physicians as incurable. Two bottles of
WISTAR'S BALM OF WILD CHERRY
afforded her much relief, and five com-
pletely cured her.

CRANBERRY PIE.—To make an extra
nice pie crust, cut a large circle of pie
crust and then a small circle, making a
complete ring. Fill the lower crust
with cranberry jelly. Pick over a
quart of cranberries washed well, one
pint of water, one pint of sugar and
cook for three-quarters of an hour.
Arrange the top to make it look pretty,
using narrow strips of the pastry.

FRED. T. HOPKINS, Esq.,
SIR:—I notice your advertisement
in regard to Poudre Subtile. Please in-
form me the price of it. I wish to send
for some of it. I have thoroughly
tested the Gouard's Oriental Cream,
and it is grand. I do not want any-
thing else for a face wash.
Reply soon and oblige. Respect-
fully,
LOUISE DENNING,
Neligh, Antelope Co., Nebraska.

CRULLERS.—Beat two eggs without
separating; add to them one cupful of
brown sugar; add one cupful of butter
milk. Dissolve a half teaspoonful of
soda in a tablespoonful of boiling
water; add it and three cupful of
flour; beat well. Roll out on a board,
using as little flour as possible; cut
with a round cutter, take out the centres
with a smaller one, and drop the
cruller quickly into smoking-hot fat.
Brown on one side, turn, and brown on
the other. When done drain, and dust
with powdered sugar. These, to be
good, should be eaten when fresh. As
they contain no shortening, the dough
must be as soft as can be handled.

SOUPE-DROISE.—Put a little lard
into a skillet and when smoking hot,
pour in a half can of tomatoes, or sliced
tomatoes, some slices of onions, and
enough boiled rice to thicken. Let all
boil together till the onion is well done.
Season with butter, salt and make hot
with cayenne pepper. This is the
Mexican method of cooking tomatoes
and is very fine.

Consumption.—Many say that this
disease cannot be cured, but the prop-
rietors of Allen's Lung Balsam will
satisfy any that it has been cured in very
many cases of the worst description.
They have hundreds of testimonials from
thankful individuals who willingly
admit it has saved their lives.

SPICED CURRANTS.—One pint of
vinegar, three pounds of raisins, six
pounds of currants, two tablespoonfuls
of allspice, two of cinnamon, and one
of cloves.

The perfect purity of Imperial Cream
Tarter Baking Powder is acknowledged
by leading Physicians and Chemists.

BUTTER SCOTCH.—There are two
ways of making butter-scotch—one is
the famed-Everton taffy, which is alway-
very soft and is brought to this country
in tinboxes from the little village, near
Liverpool where it is made. For it, boil
one pound of sugar, half a pint of
molasses, half a pound of butter, the
grated rind of half a lemon, and pour
it upon well-buttered tins. The other
requires two pounds of brown sugar,
one pint of water, half a tea-cupful of
vinegar (one gill), two tablespoonful
of butter. Stir these well together be-
fore placing them over the fire, but do
not stir it afterwards. Flavour it with
nutmeg and boil until it will draw out
from the point of a spoon in brittle
threads. Pour instantly into well-but-
tered shallow pans. The brittle thread
point, you must be reminded, is not far
removed from the burning point.

Hersford's Acid Phosphate
Imparts Renewed Strength
and vigour where there has been ex-
haustion.

waste basket of language." An Ester-
brook Pen might appropriately write
its epitaph.

CORN BREAD.—One cup of yellow
meal, one and one-half cups flour, two
teaspoonful Clevland's Superior Baking
Powder, two tablespoonful sugar,
one tablespoonful butter, one and one-
half cups milk, yelks of two eggs.
