## A Pledge-Signing Campaign.

An aroused interest is being felt and shown in the old-fashioned pledge-signing temperance work. An earnest effort is being made in Great Britain in connection with the World's Temperance Sunday, November 26th, to secure a million signatures in the Sunday Schools of that land to a temperance pledge. An earnest effort in the same direction is being made on this continent.

The Sunday School Board of the Methodist Church gave a strong deliverance on this subject and appointed a committee to formulate a pledge and exhort every school and every teacher through our far-extended work to make it the special object of that temperance Sunday to secure signatures to such a pledge. This pledge can be obtained in card form at our Book Rooms, but to bring it within the reach of every school we print its form, with spaces for signature, in our chief Sunday School periodicals. As this form of pledge has not yet reached us, we submit the very simple one adopted for the churches' twentieth century campaign in Great Britain. We hope that an earnest effort will be made to secure the signature of every teacher and scholar of our schools to this pledge on the World's Temperance Sunday, November 26th. What a tremendous power for good would be exerted if the over twenty millions in the Sunday Schools of Christendom would sign and keep such a pledge. It would shake the very gates of hell, and save the many thousands who drift out of our schools into the habit of intemperance, with all its awful consequences.

It would be highly desirable if on that

Sunday our ministers, as far as practicable, would join in this world-wide temperance movement by either preaching a sermon or by conspicuously calling attention to this important subject and urging the co-operation of their people and schools. Nor should this movement be confined to the schools. Our Epworth Leagues and Young People's Societies, our church classes, all the machinery of our church organization, should be got in motion to make this an epoch-making and epoch-marking event. We call special attention to the words of our indefatigable Moral Reform Secretary, Dr. Chown, on this subject, and pray that by the blessing of God such a temperance revival may begin which shall enable the churches of this land to unite to stay the tide of intemperance which flows through our streets.

A Great Opportunity for Toronto  
S. S. Teachers.

Many of our Toronto Sunday School teachers, Epworth Leaguers, ministers, and other church workers have been wondering why the General Sunday School Board and the Educational Society did not arrange an Institute for this city like those so successfully carried on by Revs. Crummy, Irwin and Lavell, in Ottawa, London, and elsewhere. We are glad to know that such an Institute has been arranged. It will be held from Tuesday till Friday, November 28th to December 1st. It will be in three divisions simultaneously. The one in Victoria College chapel will include the workers of 70-
