DESCRIPTIVE LITERATURE UPON APPLICATION.

**LAMBERT PHARMACAL COMPANY,
ST. LOUIS.**

To Prepare Cod-Liver Oil

so it shall be palatable requires great pharmaceutical skill. But to have it "odorless and tasteless" at the full expense of its therapeutical power is another question.

Scott's Emulsion

"The Standard of the World"

is as odorless and tasteless as any preparation of cod-liver oil can be, when the whole oil is used. Of course it is easy to make an odorless and tasteless cod-liver oil, if you throw away all the oil, or fat, and mix a little of the iodine, bromine, etc., with aromatics and alcohol.

But what about the therapeutical power? Just keep in mind: these fancy so-called preparations of cod-liver oil do not contain a single drop of the oil. SCOTT'S EMULSION is precisely what it claims to be: the best Lofoten Cod-Liver Oil, thoroughly emulsified, Glycerine and the Hypophosphites.

Two sizes, 50c. and \$1.00. In prescribing, please specify unbroken package. Small size put up especially for convenience in cases of children.

SCOTT & BOWNE, TORONTO
