

Aseptic Vaccine.

It is very gratifying to us to be in a position to advise physicians of the Dominion that our Virus is giving excellent results as proved by many complimentary reports being received daily from physicians in widely separated districts.

Our Virus gives Typical Vaccinations in ALL PRIMARY CASES, and is NEVER followed by any complications or serious after effects. It protects but does not infect. It combines purity and potency, the two all essentials of a standard reliable Vaccine.

We will gladly send, **Free of Charge, a sample of our Vaccine Virus** to any physician upon request.

We have it Glycerinated in cases of ten tubes and of three tubes. Also points, in boxes of ten.
