This preparation is respectfully submitted to Physicians, as being ALWAYS reliable. Although well aware that Cod-Liver Oil Emulsions have fallen into deserved disrepute, yet we are confident this will stand any test or trial it may be subjected to. It contains no GUM ARABIC, TRAGACANTH, ALBUMEN, SACCHARINE OR ALKALINE MATTER; therefore, it will not SAPONIFY, FERMENT, nor RANCIDIFY. The addition of PANCREATINE insures rapid and complete assimilation, enabling patients with very weak stomachs to easily retain and digest it. *Guaranteed to keep in any climate. MESSES DUDLEY & Co.: *Dear Sirs*—Though your EMULSION has not been before the profession a long time, still I have used it quite extensively in my practice, and can truly say I think it one of the most elegant preparations of Cod-Liver Oil I have ever prescribed. I find it can be readily taken and borne by the most delicate stomach, and the PANCREATINE and PHOSPHATES make its administration desirable in a large number of cases other than phthisical. In fact, there are few cases of mal-assimilation and general debility in which its administration will not do good—and it gives me pleasure to recommend it to my professional brethren.

HOMER L. BARTLETT, M.D., Brooklyn, N. Y., Consulting Surgeon Kings County Hospital.

We are quite confident many physicians are deterred from prescribing Cod-Liver Oil Emulsions, simply because they are suspicious of the so called pure oil they are represented to contain. To prove that we use absolutely pure Norway oil, we respectfully submit the following guarantee:

MESSES DUDLEY & Co.: *Gentlemen*—We hereby guarantee the Cod-Liver Oil we sell you, to be "TRUE NORWEGIAN COD-LIVER OIL," of our own direct importation.
