

CIRCULAR.

MONTREAL, May, 1867. THE Subscriber, in withdrawing from the late firm of Messrs. A. & D. Shannon, Grocers, of this city, for the purpose of commencing the Provision and Produce business, would respectfully inform his late patrons and the public that he has opened the Store, No. 443 Commissioners Street, opposite St. Ann's Market, where he will keep on hand and for sale a general stock of provisions suitable to this market, comprising in part of FLOUR, OATMEAL, CORNMEAL, BUTTER, CHEESE, PORK, HAMS, LARD, FERRINGS, DRIED FISH, DRIED APPLES, CHIP BREAD, and every article connected with the provision trade, &c., &c. He trusts that from his long experience in buying the above goods when in the grocery trade, as well as from his extensive connections in the country, he will thus be enabled to offer inducements to the public unsurpassed by any house of the kind in Canada. Consignments respectfully solicited. Prompt returns will be made. Cash advances made equal to two-thirds of the market price. References kindly permitted to Messrs. Gillespie, Moffatt & Co. and Messrs. Tiffin Brothers.

REV. SYLVANUS COBB thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething stage, on any consideration whatever. Sold by all Druggists. 25 cents a bottle. Be sure and call for "MRS. WINSLOW'S SOOTHING SYRUP." All others are base and dangerous imitations. Sold by all Druggists. 25 cents a bottle. Our Fur Traders and Trappers in fitting out here, find Ayer's medicines one of their most profitable articles of traffic. Around Silver Lake and the wild regions of the north, the Indians know their uses and have an abiding faith in them. They say:—'Ayer—great medicine—cure sick man,' and his remedies, for the diseases from which they suffer, will often bring forth their stock of skins even quicker than wampum, rum, or tobacco. Savages are not fools if they are unoppressed in some of the arts of civilization.—(Montreal Pilot, October, 1867. 1m

FELLOW DISSEASERS TO ITS SOURCE.—Local disease cannot be cured merely by local treatment. For example: No application to the part affected will radically cure the piles. The habit of body, which is the primary cause of the complaint, must be changed. For this purpose, BRISTOL'S SUGAR COATED PILLS, the finest vegetable alternative ever compounded, is the medicine to be used. Constipation is almost invariably the immediate cause of this distressing disorder. This condition of the bowels is at once changed by the action of the Pills. Indigestion, and morbid action of the liver produce constipation. These, too are swiftly remedied by this powerful vegetable agent, and the organs toned and regulated to a condition of perfect health. Thus are the symptoms and source of the disease removed together, and it is at an end forever. It is the same with all the complaints which come within the remedial scope of this great alternative, cathartic, and nutritious medicine. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SUGAR COATED PILLS should be used in connection with the Pills. J. F. PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH MADE AT WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Co., of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 parts, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letters: PENN. RAILROAD COMPANY. OFFICE OF THE GENERAL SUPERINTENDENT, Altoona, Pa., 15 Dec. 1865. Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn out and wear much longer without repairs than any watches we have ever had in use on the road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully, EDWARD H. WILLIAMS, General Superintendent American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD. LOCOMOTIVE DEPARTMENT, WEST DIVISION, Rochester, Dec. 24, 1866. Gentlemen: I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety. Yours respectfully, CHARLES WILSON, Chief Engineer, Brotherhood of Locomotive Engineers. American Watch Co., Waltham, Mass.

We make now five different grades of watches named respectively as follows: Appleton, Tracy & Co., Waltham, Mass. Waltham Watch Company, Waltham, Mass. P. S. Bartlett, Waltham, Mass. Wm. Ellery, Boston, Mass. Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time keeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition. Any grades of Waltham Watches may be purchased of Water Dealers throughout the country. Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction. Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation of this excellent medicine, is derived from its cures, many of which are of a truly marvellous character. Inevitable cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of antiscrofulous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy. Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfeeling tenant of the organism undermines the constitution, and invites the attack of emaciating or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercular affections are especially deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable. It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle action, as to be rendered incapable of resisting the invasion of the disease. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood, by living in an impure, and unwholesome atmosphere, by indulging in habits, unhealthful, and the depressing vices generally produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the remedy is simple, and the cure is effected by the use of an easily administered, and perfectly safe medicine. Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures. The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing the most obstinate malady by any medicine. Leucorrhoea or Whites, Uterine Obstructions, and Female Diseases in general, are commonly soon relieved and ultimately cured by the Sarsaparilla. Rheumatism and Gout, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For Liver, Constipation, torpidity, humors, &c., caused by the rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla. This medicine restores health and vigor where no specific disease can be detected. It restores the true nature of the blood, by those who are Languid, Listless, Despondent, Sleepless, and ill with Nervous Apprehensions or Fears, or who are troubled with any other of the affections symptomatic of weakness. Many, after taking it for General Debility, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advent of old age. Others, who found that life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Head Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons. As its name implies, it does Cure, and does not kill. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no wise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Uncleanliness, poverty, either in diet, or in clothing, through miasmatic localities, will be protected by taking the AGUE CURE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy action. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world. PRICE, \$1.00 PER BOTTLE. HENRY SIMPSON & CO., Montreal, General Agents for Lower Canada.

THE UNDERSIGNED begs to inform the public, that he has just received his full supply of Drugs & Chemicals, all of the finest quality, and purchased in the best markets. Physicians' prescriptions carefully dispensed. Country physicians supplied with pure Drugs, and carefully prepared pharmaceutical preparations, at the lowest prices for Cash. HENRY R. GRAY, Dispensing and Family Chemist, 144, St. Lawrence Main Street, Montreal. (Established 1859.)

CHOLERA. A CERTAIN CURE FOR THIS DISEASE MAY BE FOUND IN THE USE OF DAVIS' PAIN KILLER. VEGETABLE PAIN KILLER. MANHATTAN, KANSAS, April 17, 1866.

Gentlemen: I want to say a little more about the Pain Killer. I consider it a very valuable medicine, and always keep it on hand. I have travelled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849 and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results. Yours truly, A. HUNTING, M.D. I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease. REV. CHARLES HARDING, Sholapore, India.

This certifies that I have used Perry Davis Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend its use as a valuable family medicine. REV. JAS. C. BOOMER. Messrs. Perry Davis & Son:—Dear Sirs:—Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar disease, as a safe and effectual remedy. REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:—At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear. Should the diarrhea and cramps continue, repeat the dose every fifteen minutes. In this way the great relief may be checked, and the patient relieved in the course of a few hours. N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one. The Pain Killer is sold every where by all Druggists and Country Store-keepers. PRICE 15 cts., 25 cts. and 50 cts. per bottle. Orders should be addressed to PERRY DAVIS & SON, Manufacturers and Proprietors, MONTREAL, O E
