

Senator Croll: Honourable senators, that is absolutely correct. He is right when he says it is time we be heard. Not a word has come out on this because it has been kept kind of quiet. It is time it was out in the open, and it will be.

Senator Flynn: You only rise on points which make the Senate appear rather shady. When we are doing something of importance, you do not care.

Senator Croll: I hope you do this importantly.
The Senate adjourned until tomorrow at 2 p.m.
