Home Grown Tomatoes Rough in Appearance and Sales Were Slow.

Canadian outside-grown tomatoes are very plentiful on the market, but the bulk of them are rather rough and are difficult to sell on account of the people preferring the American variety.

The sour cherries are more than plentiful, the market being crowded with them in every direction. They are now selling at from 45c to 50c per 11-quart basket.

Strawberries were not so scarce yesterday afternoon, and were of very good quality, selling at from 32c to 35c per box, a few extra choice going at 36c.

Raspberries are very good quality, selling at from 50c to 55c per box. Some are of very fine quality, selling at from 55c to 60c per box.

New potatoes were a little firmer on the market yesterday. H. M. Williams, produce agent for the Eastern shore of Virginia, reports the Red Star brand among the whole-

### BLACK RUST IS AGAIN FEARED

**Anxiety Caused Firmer Tone in Wheat Quotations at Chicago.**

CHICAGO, July 3.—Disquiet regarding chances of black rust damage in the next 48 hours gave the control of the wheat market most of the time today to the bulls. The close was steady at a range varying from 2-1/2c to 1-3/4c up, compared with last night. Corn suffered a net decline of 1-7/8c to 1c, and oats a loss of 1-1/2c to 1-3/4c.

Wheat market is firm, but otherwise provisions showed a gain of 1/2c to 3/4c.

Profit-taking on the part of early buyers had considerable to do with making some of the edge off the wheat market in the trading near the end of the session.

Disquieting reports that the dreaded black variety of rust had appeared at Wilmot, S.D. in addition, despatches from the Atlantic seaboard asserted that export bids were out of time, and there were signs that the movement of the new winter crop would assume larger proportions next week.

Auspicious reports on the progress of growth, especially in Illinois pulled demand brisk.

Oats sagged with corn, but hedging pressure was lessened and shipping demand brisk.

Unloading by longhauled brought about a setback in pork. Ribs led the rest of provisions in a fair advance.

**FRENCH INVESTORS**  
**LOST VERY HEAVILY**

PARIS, July 2.—French investors lost 556,000,000 francs (\$111,300,000) during the last six months, according to the calculations of the economist, Edmond Thierry, based on an examination of the quotations on the principal French investments in the last five years.

The holders of French rentes have lost 4,000,000,000 francs by the depreciation, according to the same authority, who calls this a national calamity, which is to be attributed to spendthrift budgets and the succession of ministries.

**HEAVY DECREASE IN GREAT LAKE TRAFFIC**

SAULT STE. MARIE, Mich., July 3.—Another heavy decrease in great lakes traffic is shown by the statistical report of commerce thru the American and Canadian canals at this point for the month of June.

The total freight movement of 8,568,081 tons is 2,536,522 tons below the total for June, 1913, in practically every article of freight, except flour, eastbound, and hard coal, westbound.

Shipments fall short of the totals for June of last year.

Vessel passages for the month were 2505, with a registered net tonnage of 8,665,134, as compared with 4414 vessels with 8,440,442 tonnage last year.

During the month nearly twice as many vessels passed thru the American canal, but were sent thru the Canadian canal, but the volume of freight handled thru the Canadian waterway was 730,029 tons greater than shipments by the American route.

CORNWALL, July 3.—On the Cornwall cheese board today 1914 cheese were boarded, of which 1884 were colored and 60 white.

PERTH, July 3.—There were 450 boxes white cheese and 400 colored boarded here today.

IRROUOIS, July 3.—At the regular meeting of Irroquois Cheese Board, held here today 947 colored cheese were boarded.

**EAST BUFFALO CATTLE.**  
EAST BUFFALO, N.Y., July 2.—Cattle receipts, 400; fairly active and steady; prices unchanged.

**MILLION BUSHELS TO BE SHIPPED IN WEEK**

DULUTH, July 3.—At least one million bushels of grain will go down the lake in the next two weeks, despite the prevalent three-quarter-cent rate.

The prediction followed a sudden rush of vesselmen to sign contracts. The movement will let stocks here down to three million bushels, and elevators will be in good shape to receive the new crop.

Five cargoes, aggregating nearly half a million bushels, have gone out in the last 24 hours.

**RECEIVER MAY STOP ALBERTA LAND CO.**

LONDON, July 3.—The new Canadian loan has risen to three-sixteenths premium. Recent issue discounts are: Nova Scotia, three-quarters; Vancouver, Sewage, one and one-half; British Columbia is at par.

A circular from the Metropolitan Trust Company summons a meeting of debenture holders in the South Alberta Land Company for the purpose of authorizing the receiver to make further application to the court, it is stated, to issue the eight hundred thousand dollars stock referred to in the recent meeting, when it was stated that this amount would be expended upon works which the government would possess the right to supervise and would be secured upon receivers taking rank in priority to debenture stock maturing Dec. 31, and carrying 7 per cent. interest and 2-1/2 per cent. commission.

Unless the necessary authority is promptly given and the receiver is able to raise the amount, he will have no course but to stop the works. The resolution authorizing him to make application to court will accordingly be proposed at the forthcoming meeting.

Only one lot of C. P. R. changed hands at 194, and that price was bid at the close, against 192-1/2 the previous day. Brazilian was steady around 77-1/2, iron at 23, Cement at 29, Toronto Railway sold unchanged at 128, but lost of earlier at that price asked against 128-1/4 bid the previous day.

Soils rose 1-1/2 to 1 3/4 and closed 81-3/4. Textile opened easier at 68-1/2, but lost of earlier at that price asked against 128-1/4 bid the previous day.

Bonds continued fairly active. Total business 2395 shares, 2595 mines, 1333 rights, 4298 bonds.
