

Either way Ends every corn

Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster.

The effects on the corn are identical.

The pain stops. And the entire corn quickly loosens and comes out.

Blue-jay now is ending some two million corns a month.

It has so reduced corn troubles that most folks never have them.

It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure.

It is scientific—the creation of a world-famed laboratory.

For your own sake, stop paring corns. Cease the old, harsh, inefficient methods.

Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay.

Prove this to-night. Buy Blue-jay from your druggist.

Blue=jay

Plaster or Liquid
The Scientific Corn Ender

BAUER & BLACK, Limited Chicago Toronto New York
Makers of Sterile Surgical Dressings and Allied Products

Horlick's Malted Milk
